Re: Incident Notification

Dear Attorney General MacDonald:

I am writing on behalf of our client, Bombshell Productions, Inc. ("Bombshell"), to notify you of a security incident involving one New Hampshire resident. Bombshell is an experiential marketing, custom event production and branding firm.

Bombshell Productions, Inc. conducted an investigation into suspicious activity originating from a small number of employees' email accounts. As soon as Bombshell became aware of the activity, it immediately took measures to secure the email accounts and launched an internal investigation. A cybersecurity firm was engaged to assist in a forensic analysis of this incident. The investigation determined that an unauthorized person accessed three Bombshell employees' email accounts at various dates between January 15, 2020 and January 19, 2020. The investigation did not determine whether any specific emails or attachments were viewed by the unauthorized person; however, Bombshell was not able to rule out that possibility for any of the emails or attachments in the accounts. Bombshell searched the contents of the accounts to identify documents containing personal information. Information pertaining 1 New Hampshire resident was identified on May 28, 2020. The information included the individual's name and Social Security number.

Beginning on June 12, 2020, Bombshell will notify the New Hampshire resident in substantially the same form as the enclosed letter via United States Postal Service First Class Mail in accordance with N.H. Rev. Stat. Ann. § 359-C:20.¹ Bombshell is offering the New Hampshire individual a complimentary, one-year membership to credit monitoring, fraud consultation, and identity theft restoration services through Experian. Bombshell is recommending that individuals remain vigilant to the possibility of fraud by reviewing their account statements

<sup>&</sup>lt;sup>1</sup> This notice does not waive Bombshell's objection that New Hampshire lacks personal jurisdiction over it related to any claims that may arise from this incident.

for unauthorized activity. Bombshell has also established a dedicated call center where all individuals may obtain more information regarding the incident.

To help prevent a similar incident from occurring in the future, Bombshell is taking steps to enhance its existing security protocols and re-educating its staff for awareness on these types of incidents in the hopes of reducing the chances of a similar incident happening in the future.

Please do not hesitate to contact me if you have any questions regarding this matter.

Sincerely,

John Hutchins

#### Fraud Alerts and Credit or Security Freezes:

Fraud Alerts: There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

Credit or Security Freezes: You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

How do I place a freeze on my credit reports? There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- Experian Security Freeze, PO Box 9554, Allen, TX 75013, www.experian.com
- TransUnion Security Freeze, PO Box 2000, Chester, PA 19016, www.transunion.com
- Equifax Security Freeze, PO Box 105788, Atlanta, GA 30348, www.equifax.com

You'll need to supply your name, address, date of birth, Social Security number and other personal information.

After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.
