Re: Notice of Data Event

Dear Sir or Madam:

We represent Breckenridge IS, Inc. and its subsidiary, Overby-Seawell Company ("OSC") located at 3550 George Busbee Parkway N.W., Suite 300, Kennesaw, Georgia 30144, and are writing to notify your office on behalf of Renasant Bank ("Renasant"), a Mississippi-chartered bank headquartered in Tupelo, Mississippi of an incident that may affect the security of some personal information relating to three (3) New Hampshire residents. By providing this notice, OSC does not waive any rights or defenses regarding the applicability of New Hampshire law, the applicability of the New Hampshire data event notification statute, or personal jurisdiction.

Nature of the Data Event

OSC provides property insurance validation services for various lender institutions, including Renasant, within the United States. For business purposes, OSC received the information of individuals from customer organizations which OSC utilized to validate property insurance for its customers.

On July 5, 2022, OSC discovered suspicious activity on certain computer systems. OSC immediately launched an investigation, with the assistance of third-party forensic specialists, to determine the nature and scope of the activity. The investigation determined that there was unauthorized access to certain of our servers beginning on May 26, 2022. OSC learned on July 11, 2022 that certain information related to our customers was obtained from OSC's network and OSC immediately began the process of determining what data was impacted and to whom that data related. OSC undertook a comprehensive review of impacted files and later determined that the files contained certain information provided by lenders related to individuals. OSC has seen

Mullen.law

no evidence of misuse of any information related to this incident. No systems or networks of our customers, such as Renasant, were impacted by this incident.

Starting on July 21, 2022, OSC began providing notice of the incident to customers and, as the review of the data continued, subsequently provided lenders with their specific data that was impacted by this incident. OSC worked with their customers to determine what personal information related to individuals was stored on the OSC network, and to whom that information related. During these communications, OSC offered to mail letters to potentially impacted individuals on behalf of these customers.

The information that could have been subject to unauthorized access includes name, address, and loan account numbers. No Social Security numbers or information related to any bank accounts maintained at Renasant were impacted by this incident.

Notice to New Hampshire Residents

OSC completed notice to individuals on October 28, 2022. OSC provided written notice of this incident to affected clients of Renasant, which includes three (3) New Hampshire residents. Written notice was provided in substantially the same form as the letter attached here as *Exhibit A*.

Other Steps Taken and To Be Taken

Upon discovering the event, OSC moved quickly to investigate and respond to the incident, assess the security of OSC systems, and identify potentially affected individuals. Further, OSC notified federal law enforcement regarding the event. OSC is also working to implement additional safeguards and training to its employees. As shown in Exhibit A, OSC is providing access to credit monitoring services for twenty-four (24) months, through IDX, to individuals whose personal information was potentially affected by this incident, at no cost to these individuals.

Additionally, OSC is providing impacted individuals with guidance on how to better protect against identity theft and fraud, including advising individuals to report any suspected incidents of identity theft or fraud to their credit card company and/or bank. OSC is providing individuals with information on how to place a fraud alert and security freeze on one's credit file, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud.

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a 1- year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer's express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a credit freeze, please contact the three major credit reporting bureaus listed below:
