The Honorable Kelly A. Ayotte, Attorney General
Office of the Attorney General
33 Capitol Street
Concord, New Hampshire 03301

Dear Attorney General Ayotte:

Pursuant to N.H. Rev. Stat. Ann. §§ 359-C:19 et seq., we are writing to notify you of an unauthorized access or use of personal information involving New Hampshire residents.

NATURE OF THE UNAUTHORIZED USE OR ACCESS

In early May, 2009, a computer hard drive containing client personal information, including Social Security number, name or account number was stolen. The computer hard drive had been taken off of Company premises, in violation of company policy, and was subsequently stolen. No passwords were included in the stolen data.

This was an isolated incident, not a case of online fraud or computer hacking. It does not appear that the theft of this computer hard drive was intended for fraudulent purposes or identity theft.

NUMBER OF NEW HAMPSHIRE RESIDENTS AFFECTED

60 New Hampshire residents were affected by this incident. Each of these residents is being sent a notification letter in accordance with state law requirements by regular mail. A copy of the notification is enclosed.

STEPS BEING TAKEN BY THE COMPANY

The employee who removed the computer hard drive from Company premises has been terminated as a result of his violation of company data security policies and procedures. The Company will continue to communicate with its employees through employee bulletins, training and education regarding its data handling policies and procedures.

Upon discovery of the theft, the incident was reported to local law enforcement and efforts were made to recover the computer hard drive. Local law enforcement has identified and arrested a suspect, but the computer hard drive has not been recovered. As a precaution, we are monitoring client accounts to deter unauthorized activity. In addition, we are offering clients one year of credit monitoring services at no expense to the client.

For Massachusetts residents: Massachusetts law requires that we notify you that you may also place a security freeze on your credit report to prevent potential credit grantors from accessing your credit report without your consent by sending a written request to each of the national credit reporting agencies listed above. In order to request a security freeze, you will need to provide the following: (1) your full name; (2) your Social Security number and date of birth; (3) proof of your current address, such as a utility or phone bill, as well as a list of your addresses from the prior five years; (4) a legible photocopy of a government-issued identification card; (5) if you have been a victim of identity theft, a copy of any police report, complaint or other investigative report you may have filed with local law enforcement; and (6) if you are not a victim of identity theft, include payment by check, money order or credit card—do not send cash. Each credit reporting agency may charge a fee of up to \$5.00 to place, temporarily lift, or remove a freeze. To lift or remove a freeze, you must send a written request in accordance with the requirements of each credit reporting agency. Please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for credit, loans, employment, housing or other services. For more information regarding credit freezes, please contact the credit reporting agencies directly. Under Massachusetts law, you also have the right to request from Schwab a copy of any police report filed in connection with this incident.
