Re: Datapak Services Corporation — Supplemental Notice of Data Security Event

Dear Sir or Madam:

We represent Datapak Services Corporation ("Datapak") 1000 Austin Court, Howell, MI 48843 and are writing to notify you of a data event that may have compromised the security of personal information of one hundred and sixty-nine (169) New Hampshire residents. These one hundred and sixty-nine (169) New Hampshire residents are customers affiliated with certain Datapak's clients. We are providing this notice on their behalf, and with their permission. This is the second notice we have provided to you regarding this one data event. We are providing you with two notices of this one data event because our October 2, 2013 notice on behalf of Datapak did not provide notice to all of the affected individuals. A copy of our October 2, 2013 notice to you is attached as *Exhibit A*.

Datapak provides payment processing and order fulfillment services for other companies. Datapak's investigation into this event is ongoing, and this notice may be supplemented with any new significant facts learned subsequent to its submission.

Nature of the Data Security Event

On August 13, 2013, Datapak learned that malware was placed on its systems on or about March 5, 2013. Upon learning of this, Datapak immediately launched an internal investigation to determine the scope of this incident. To assist with its investigation Datapak retained a third-party computer network and security expert to conduct an independent investigation into this incident. Datapak retained specialized data security legal counsel to provide guidance in response to this incident. The United States Secret Service has also been involved in the investigation into this incident and Datapak continues to cooperate with them. Although these investigations are ongoing, the independent, third-party security expert reported that the malware may have resulted in unauthorized access to the names, addresses, primary account numbers,

expiration dates of credit cards, and CVV2 numbers imprinted on the cards of one hundred and sixty-nine (169) New Hampshire residents.

Upon confirmation that this incident may have resulted in the unauthorized access to personal information, Datapak provided notice of this incident to its clients who are the data owners. Datapak offered to satisfy required notice obligations on their behalf.

Notice to New Hampshire Residents

Although the investigations are ongoing, it appears that the personal information of one hundred and sixty-nine (169) New Hampshire residents may have been accessed without authorization as a result of this incident. Datapak will provide these one hundred and sixty-nine (169) New Hampshire residents with written notice of this incident on or about November 11, 2013, in substantially the same form as the letter attached here as *Exhibit B*.

Other Steps Taken and To Be Taken

In addition to providing written notice of this incident to all affected individuals as described above, each affected individual is being offered access to one (1) free year of identity monitoring services and identity restoration services. Datapak is also providing each individual with information on how to protect against identity theft and fraud. Datapak is providing written notice of this incident to other state regulators and to the national consumer reporting agencies. This incident was also reported to the credit card companies.

INFORMATION GUIDE
ADDITIONAL STEPS YOU CAN TAKE TO PROTECT YOURSELF

To further protect against possible fraud, we encourage you to remain vigilant, to review your account statements, and to monitor your credit reports for suspicious or unauthorized activity.

Credit Report

Under U.S. law, you are entitled to one free credit report annually from each of the three major credit bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

Fraud Alert

At no charge, you can also have these credit bureaus place a "fraud alert" on your file that alerts creditors to take additional steps to verify your identity prior to granting credit in your name. Note, however, that because it tells creditors to follow certain procedures to protect you, it may also delay your ability to obtain credit while the agency verifies your identity. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts on your file. Should you wish to place a fraud alert, or should you have any questions regarding your credit report, please contact any one of the agencies listed below. Information regarding security freezes is also available from these agencies.

Security Freeze

Some state laws allow you to place a security freeze on your credit report. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services. If you have been a victim of identity theft, and you provide the credit reporting agency with a valid police report, it cannot charge you to place, lift or remove a security freeze. In all other cases, a credit reporting agency may charge you up to \$5.00 (and in some cases, up to \$20.00).

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies by regular, certified or overnight mail at the addresses below:

Equifax Security Freeze
P.O. Box 105788
Atlanta, GA 30348
www.equifax.com

Experian Security Freeze

Allen, TX 75013
www.experian.com

Trans Union Security Freeze
Fraud Victim Assistance Dept
P.O. Box 6790
Fullerton, CA 92834
www.transunion.com

In order to request a security freeze, you will need to provide the following information: (1) Your full name (including middle initial as well as Jr., Sr., II, III, etc.); (2) Social Security Number; (3) Date of birth; (4) If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years; (5) Proof of current address such as a current utility bill or telephone bill; (6) A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.); (7) If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency

concerning identity theft; (8) If you are not a victim of identity theft, include payment by check, money order, or credit card (Visa, MasterCard, American Express or Discover only). Do not send cash through the mail.

The credit reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have three (3) business days after receiving your request to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must send a written request to each of the three credit bureaus by mail and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have three (3) business days after receiving your request to remove the security freeze.

Federal and State Resources

You can also further educate yourself regarding identity theft, and the steps you can take to protect yourself, including how to place a fraud alert or security freeze on your credit file, by contacting the Federal Trade Commission or your state Attorney General. **For North Carolina residents**, the Attorney General can be contacted at 9001 Mail Service Center, Raleigh, NC 27699-9001, (919) 716-6400, www.ncdoj.gov. **For Maryland residents**, the Attorney General can be contacted at 200 St. Paul Place, 16th Floor, Baltimore, MD 21202, (888) 743-0023, www.oag.state.md.us.

Dear John Q Sample,

Datapak Services Corporation ("Datapak") is an order fulfillment and payment processor for several e-commerce websites. We are contacting you because we recently learned of a data security incident that may have involved some of your personal information. This incident may have resulted in unauthorized access to credit card information, including name, address, primary account number, expiration date, and security code imprinted on the card. We are providing this notice to you so that you may monitor your financial statements and take steps to protect your information.

Datapak recently learned that malware was placed on our systems on March 5, 2013 and could have been used to access personal information. Upon learning of this incident we immediately contained and secured the potentially affected parts of the system. We launched an internal investigation and we retained independent, third-party security experts. Working with these security experts, we took steps to further contain and secure the potentially affected parts of the system. The investigation is ongoing and we are cooperating with the credit card companies and law enforcement.

To assist you in protecting your information, we engaged AllClear ID to provide you with the opportunity to enroll in one (1) year of its identity protection services at no cost to you should you feel it is appropriate to do so. The following identity protection services start on the date of this notice and you can use them at any time during the next twelve (12) months.

AllClear SECURE: The team at AllClear ID is ready and standing by if you need help protecting your identity. You are automatically eligible to use this service - there is no action required on your part. If a problem arises, simply call 1-855-398-6434 and a dedicated investigator will do the work to recover financial losses, restore your credit and make sure your identity is returned to its proper condition.

AllClear PRO: This service offers additional layers of protection including credit monitoring and a \$1 million identity theft insurance policy. To use the PRO service, you will need to provide certain information to AllClear ID. You may sign-up online at enroll.allclearid.com or by mail with the enclosed mail-in registration form, or by phone by calling 1-855-398-6434 using the following redemption code: 9999999999.

INFORMATION GUIDE
ADDITIONAL STEPS YOU CAN TAKE TO PROTECT YOURSELF

To further protect against possible fraud, we encourage you to remain vigilant, to review your account statements, and to monitor your credit reports for suspicious or unauthorized activity.

Credit Report

Under U.S. law, you are entitled to one free credit report annually from each of the three major credit bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

Fraud Alert

At no charge, you can also have these credit bureaus place a "fraud alert" on your file that alerts creditors to take additional steps to verify your identity prior to granting credit in your name. Note, however, that because it tells creditors to follow certain procedures to protect you, it may also delay your ability to obtain credit while the agency verifies your identity. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts on your file. Should you wish to place a fraud alert, or should you have any questions regarding your credit report, please contact any one of the agencies listed below. Information regarding security freezes is also available from these agencies.

Security Freeze

Some state laws allow you to place a security freeze on your credit report. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services. If you have been a victim of identity theft, and you provide the credit reporting agency with a valid police report, it cannot charge you to place, lift or remove a security freeze. In all other cases, a credit reporting agency may charge you up to \$5.00 (and in some cases, up to \$20.00).

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies by regular, certified or overnight mail at the addresses below:

Equifax Security Freeze
P.O. Box 105788
Atlanta, GA 30348
www.equifax.com

Experian Security Freeze

Allen, TX 75013
www.experian.com

Trans Union Security Freeze
Fraud Victim Assistance Dept.
P.O. Box 2000
Chester, PA 19022
www.freeze.transunion.com

In order to request a security freeze, you will need to provide the following information: (1) Your full name (including middle initial as well as Jr., Sr., II, III, etc.); (2) Social Security Number; (3) Date of birth; (4) If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years; (5) Proof of current address such as a current utility bill or telephone bill; (6) A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.); (7) If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency

0204000000

concerning identity theft; (8) If you are not a victim of identity theft, include payment by check, money order, or credit card (Visa, MasterCard, American Express or Discover only). Do not send cash through the mail.

The credit reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have three (3) business days after receiving your request to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must send a written request to each of the three credit bureaus by mail and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have three (3) business days after receiving your request to remove the security freeze.
