New Hampshire Department of Consumer Affairs
Attn: Consumer Protection
33 Capitol Street
Concord, NH 03301

Dear Sir:

The purpose of this letter is to notify the New Hampshire Department of Consumer Affairs that DVA Renal Healthcare, Inc. ("Company") recently discovered that it sustained a loss of personal information of approximately 9 New Hampshire residents ("Residents"). On or about February 4, 2008, the Company's compliance department confirmed that social security numbers may have been part of the personal information included in the loss. The Residents are either current or former patients of the Company. The loss occurred when a Company laptop, which is password protected, was stolen from an employee's vehicle.

We have contacted local law enforcement authorities and are now in the process of contacting relevant state authorities, including your agency as per state law requirements. We also began preparations for notification to all affected individuals of the data loss.

Attached please find the draft letter that we have sent to the known affected individuals. Please contact me right away at the phone number or email address indicated below in the event that you have any questions regarding this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ann DesRuisseaux".

Ann DesRuisseaux
Assistant General Counsel
DaVita Inc.

Dear _____

On behalf of your dialysis provider, we are writing to inform you of a recent incident which may have resulted in the unauthorized acquisition of your personal information. Recently, a teammate's laptop was stolen. Although the laptop is password protected, the hard drive contains -- along with numerous other non-related documents -- documents involving insurance filings for dialysis services. The documents *may* contain your name, social security number, medical insurance coverage information, and/or other personal and health related information.

The theft was immediately reported to the proper legal authorities. While law enforcement officials estimate that over two million laptops are stolen annually for resale, we suggest you take all necessary proactive steps to protect against the possibility of identity theft. Such precautions include placing a fraud alert on your credit file. A fraud alert simply advises creditors to contact you before opening new accounts. You may call any one of the three credit reporting agencies to place the fraud alert and ask for a free copy of your credit report to see if there has been any unusual activity. Contact information is as follows:

Equifax: 1-800-525-6285; www.equifax.com; P.O. Box 740241, Atlanta, GA 30374-0241

Experian: 1-888-397-3742; www.experian.com; P.O. Box 9532, Allen, TX 75013

TransUnion: 1-800-680-7289; www.transunion.com; Fraud Victim Assistance Division, P.O. Box 6790, Fullerton, CA 92834-6790

When reviewing your account, look for accounts you did not open and inquiries from creditors you did not initiate. Also look for personal information, such as a home address or social security number, which is not accurate. If you see anything you do not understand, you should call the credit reporting agency immediately at the telephone number identified on the report.

If you find suspicious activity on your credit report, then contact your banking/credit institution, and file an identity theft report with your local police or sheriff's office. Get a copy of the police report. You may need to give copies to creditors to clear up your records if a theft did occur.

We take privacy very seriously, and sincerely apologize that information was compromised resulting from this theft. While we remain hopeful that this theft was merely a petty crime looking for things of value, we felt that outreach to you was warranted. We are taking extra precautions to minimize the chance of this happening in the future.

If you have any questions, please contact DaVita's Guest Services Customer Center at 1-866-987-7454. Please note that you may be asked to provide the following reference code: TQ0208.

Sincerely,

DaVita Inc.
