Subject: Report of a Breach of Security Involving Computerized Data

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Attention: The State of New Hampshire, Office of the Attorney General John Formelia

Pursuant to New Hampshire Revised Statutes § 359-C:20 (2020), I am writing on behalf of LEAF Commercial Capital, a subsidiary People's United Bank ("People's United") to notify you of a breach of security impacting two New Hampshire residents.

On October 22, 2021, a LEAF employee responded to a phishing email which provided the threat actor with access to the employee's email account for approximately one day, originating from an IP address in the U.S. Since the login appeared normal and included a successful multi-factor authentication (MFA) challenge, it did not trigger any alerts. On October 23, 2021, People's United Bank's Information Security ("People's Info Sec.") observed a successful connection to the same mailbox from Zambia (Africa) which triggered an alert to investigate the activity. Within an hour after this alert, People's Info Sec. investigated and contacted LEAF IT to take action on the account to contain the issue. The account was disabled approximately 2 hours later by LEAF and there has been no activity since.

Upon learning of the compromise, LEAF took measures to block access by changing the password and disabling the compromised ID. Efforts were made to review any actions taken under the compromised ID to determine if any unauthorized activities or access may have occurred. LEAF took steps to remind employees not to provide a MFA code when not expecting it through an all employee communication. The employee involved in the incident was assigned mandatory phishing supplemental training. Additional changes were made to strengthen the MFA security tool to restrict use to methods more difficult to socially engineer. Authentication mechanisms tied to external email access were reviewed and additional restrictions have been put into place to limit the ability to authenticate externally without MFA or from an untrusted source. All employees receive security training on phishing and other risks annually.

The employee's inbox contained information mostly related to corporations, however there were some individuals' Social Security Numbers. The impacted New Hampshire residents have been

notified of the incident and have been provided with information about how to enroll in myTrueIdentity identity theft protection along with a prepaid code which can be redeemed for two years of credit monitoring.

There is no law enforcement investigation underway or planned and therefore the customer notification has not been delayed. Should you have any questions or require additional information, please do not hesitate to contact me by email or phone.

Attached please find a redacted copy of the notification that was sent to the New Hampshire residents along with the mailing label for each.

Sincerely, Dionne Pulcinella

Dionne T. Pulcinella, CIPP/US FVP, Senior Compliance Officer, Privacy, Deposits & Payments 850 Main Street | Bridgeport, CT 06604 P: 203-338-6615 E: Dionne.pulcinella@peoples.com Peoples United Bank and the provide an additional street and additional street additional street and additional street additionadditional street additionad

If you have received this e-mail in error, please contact the sender and delete the material from the computer.

November 23, 2021

Dear

I am writing to notify you of an isolated incident in which your personal information may have been potentially disclosed to an unauthorized individual. During an internal investigation, we learned that a document containing your Social Security Number was among other information potentially accessed by an unauthorized individual on or around October 23, 2021. As soon as we became aware of the incident that day, we disabled the unauthorized individual's access and began an extensive investigation.

Protecting the security of personal information is a top priority. While there is no indication that the unauthorized individual accessed your information, we are providing this notification and have arranged for myTrueldentity through TransUnion as a precaution to help you protect your identity at no cost to you. Information on how to enroll in this program and activation codes have been included below.

Your business is important to us and we regret that this incident occurred. Please be assured that LEAF will continue to work to ensure that all appropriate measures, including employee training and controls are in place to protect personal information to ensure that an incident of this nature will not happen in the future.

If you have any further questions regarding this incident, you can call me at 267-402-5337.

Sincerely,

michael P. milie

Michael McKie SVP, IT Program Management LEAF Commercial Capital One Commerce Square 2005 Market Street, 14th Fl. Philadelphia, PA 19103 T: 267-402-5337

WHAT WE ARE DOING

Complimentary Credit Monitoring Service

You are a valued customer, and we apologize for this error. While we have no evidence or belief that your information has been, or will be used for fraudulent purposes, and while we believe there is a low likelihood of fraud related to this incident, as a safeguard, we have arranged for you to enroll, <u>at no cost to you</u> in an online <u>three-bureau credit monitoring service (myTrueldentity)</u> for two years provided by TransUnion, one of the three nationwide credit reporting companies.

To enroll in this service, go to the myTrueldentity website at www.mytrueidentity.com and in the space referenced as "Enter Activation Code", enter the following 12-letter Activation Code and follow the three steps to receive your credit monitoring service online within minutes.

If you do not have access to the Internet and wish to enroll in a similar offline, paper based, credit monitoring service, via U.S. Mail delivery, please call the TransUnion Fraud Response Services toll-free hotline at 1-855-288-5422. When prompted, enter the following 6-digit telephone pass code **697611** and follow the steps to enroll in the offline credit monitoring service, add an initial fraud alert to your credit file, or to speak to a TransUnion representative if you believe you may be a victim of identity theft.

You can sign up for the online or offline credit monitoring service anytime between now and **December 31, 2022**. Due to privacy laws, we cannot register you directly. Please note that credit monitoring services might not be available for individuals who do not have a credit file with TransUnion, or an address in the United States (or its territories) and a valid Social Security number. Enrolling in this service will not affect your credit score.

Once you are enrolled, you will be able to obtain two years of unlimited access to your TransUnion credit report and credit score. The daily three-bureau credit monitoring service will notify you if there are any critical changes to your credit file at TransUnion, Experian, and Equifax, including fraud alerts, new inquiries, new accounts, new public records, late payments, change of address and more. The service also includes access to an identity restoration program that provides assistance in the event your identity is compromised to help you restore your identity and up to \$1,000,000 in identity theft insurance with no deductible. (Policy limitations and exclusions may apply.)

WHAT YOU CAN DO

Fraud Alert Information

Whether or not you enroll in credit monitoring, we recommend that you consider placing a "Fraud Alert" on your credit file. Fraud Alert messages notify potential credit grantors to verify your identification before extending credit in your name in case someone is using your information without your consent. A Fraud Alert can make it more difficult for someone to get credit in your name; however, please be aware that it also may delay your ability to obtain credit. Call only one of the following three nationwide credit reporting companies to place your Fraud Alert: TransUnion, Equifax, or Experian. As soon as the credit reporting company confirms your Fraud Alert, they will also forward your alert

request to the other two nationwide credit reporting companies so you do not need to contact each of them separately. The contact information for the three nationwide credit reporting companies is:

Equifax PO Box 740256 Atlanta, GA 30374 www.alerts.equifax.com 1-800-525-6285 TransUnion PO Box 2000 Chester, PA 19016 www.transunion.com/fraud 1-800-680-7289 Experian PO Box 9554 Allen, TX 75013 www.experian.com/fraud 1-888-397-3742

Free Credit Report Information

Under federal law, you are also entitled to one free credit report once every 12 months from each of the above three major nationwide credit reporting companies. Call 1-877-322-8228 or make a request online at <u>www.annualcreditreport.com</u>. Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Victim information sometimes is held for use or shared among a group of thieves at different times. Checking your credit reports periodically can help you spot problems and address them quickly. If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your Attorney General state or contact your local law enforcement agency and file a police report. Get a copy of the report; many creditors want the information it contains to absolve you of the fraudulent debts. You also should file a complaint with the Federal Trade Commission (FTC) at www.identitytheft.gov or at 1-877-ID-THEFT (1-877-438-4338). Your complaint will be added to the FTC's Identity Theft Data Clearinghouse, where it will be accessible to law enforcers for their investigations. Also visit the FTC's website at www.ftc.gov/idtheft to review their free identity theft resources such as their comprehensive step-by-step guide "Identity Theft-A Recovery Plan".

Security Freeze Information

You can request a "Security Freeze" on your credit file by sending a request in writing, by mail, to each of the three nationwide credit reporting companies. When a Security Freeze is added to your credit report, all third parties, such as credit lenders or other companies, whose use is not exempt under law will not be able to access your credit report without your consent. The Security Freeze may delay, interfere with or prohibit the timely approval of any subsequent request or application you make that involves access to your credit report. This may include, but is not limited to, new loans, credit, mortgages, insurance, rental housing, employment, investments, licenses, cellular phone service, utility service, digital signature service, Internet credit card transactions and extension of credit at point of sale. Placing, temporarily lifting, or removing a Security Freeze with each of the nationwide consumer reporting companies is free, although placing a credit lock may have monthly fees. To place a Security Freeze on your credit files at all three nationwide credit reporting companies, write to the addresses below and include the following information:

Equifax Security Freeze PO Box 105788 TransUnion Security Freeze PO Box 2000 Experian Security Freeze PO Box 9554

Atlanta, GA 30348 www. freeze.equifax.com 1-800-685-1111

Chester, PA 19016 www.transunion.com/freeze 1-800-909-8872 Allen, TX 75013 www.experian.com/freeze 1-888-397-3742

- Your full name (first, middle, last including applicable generation, such as JR., SR., 11, Ill, etc.)
- Your Social Security Number
- Your date of birth (month, day and year)
- Your complete address including proof of current address, such as a current utility bill, bank or insurance statement or telephone bill
- If you have moved in the past 2 years, give your previous addresses where you have lived for the past 2 years
- A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.)

Within 5 business days of receiving your request for a security freeze, the consumer credit reporting company will provide you with a personal identification number (PIN) or password to use if you choose to remove the freeze on your consumer credit report or to authorize the release of your consumer credit report to a specific party or for a specified period of time after the freeze is in place.

Special note for minors affected by this incident:

The same services referred to above may not be available to affected minors. As an alternative, parents/legal guardians can check to see if your child may be a victim of identity theft by using TransUnion's secure online form at www.transunion.com/childidentitytheft to submit your information so TransUnion can check their database for a credit file with your child's Social Security Number. After TransUnion's search is complete, they will respond to you at the email address you provide. If they locate a file in your child's name, they will ask you for additional information in order to proceed with steps to protect your child from any impact associated with this fraudulent activity.

Special note to Massachusetts residents:

Under Massachusetts law, you have the right to obtain any police report filed in regard to this incident. Based on the nature of this incident, no police report has been filed. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it.

Massachusetts law also allows consumers to place a security freeze on their credit reports. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services.
