Dear A B Anyname:

I am writing to you on behalf of LexisNexis, and our affiliated company, Seisint, because we believe that a law enforcement customer's user ID may have been used in an unauthorized manner that allowed some personal information about you to be viewed. That information may have included your name, address, Social Security number and/or Driver's License number. We understand that such unauthorized use or exposure may create a risk of identity theft and we treat it very seriously. Although we have no evidence that your information has been misused, we are notifying you so that you can, if you deem appropriate, take additional steps to protect your personal information. We deeply regret that individuals like you, who are the primary beneficiaries of LexisNexis® products and services, may have been affected by this incident.

How LexisNexis Will Assist You

We are committed to assisting you through this unfortunate situation and providing you with the tools to correct any problems that may arise. To that end, we are working with Equifax, one of the three major credit reporting companies, to provide an identity theft protection product, Equifax Credit Watch™ Gold, to help you monitor your credit reports for one year at no cost to you.

Equifax Credit Watch™ Gold with 3-in-1 Monitoring will provide you with an "early warning system" to make you aware of key changes to your credit files and to help you understand the content of your credit file at the three major credit reporting agencies. The Equifax Credit Watch product includes:

- Comprehensive credit file monitoring of your Equifax, Experian, and TransUnion credit reports with daily notification of key changes to your credit files from any of the three agencies. Wireless alerts and customizable alerts are also available as part of this monitoring.
- One 3-in-1 Credit Report and unlimited access to your Equifax Credit Report™.
- \$20,000 in identity theft protection with a \$0 deductible, at no additional cost to you. The attachment to this letter includes specific information on this coverage.
- 24 by 7 live Customer Service support to assist you and to provide personalized identity theft victim assistance as well as assistance in initiating an investigation of any inaccurate information.

In addition, Equifax will help you protect your identity and your credit information by placing a fraud alert on your credit file. This alerts creditors of possible fraudulent activity within your report, as well as requests that creditors contact you prior to establishing any accounts in your name. Once the fraud alert is added to your credit report, all creditors should contact you prior to establishing any account in your name. To place a fraud alert on your Equifax credit file, you may contact Equifax's automated fraud line at 1-877-478-7625. Once the fraud alert has been placed with Equifax, a notification will be sent to the other two credit reporting agencies, Experian and Trans Union, on your behalf.

These services are being provided to you at no cost. This letter and the attachment include everything you need to sign up for these services, should you choose to do so.

If there is reason to believe that you have been a victim of fraud as a result of this incident, we have arranged for you to have access to the Equifax Fraud Victim Assistance Program. This program includes one-on-one counseling from an Equifax Fraud Specialist and provides you with:

- Fraud Education Providers – a Fraud Specialist will provide you with information that will help you proactively protect yourself from identity theft and provide information to you regarding the credit reporting agencies, such as telephone numbers, Web sites and mailing addresses; and
- Fraud Assistance – a Fraud Specialist will provide you with a step-by-step process to reduce your exposure to further fraud and clear up any negative credit inferences in your name by helping you write letters that you may send to dispute fraudulent accounts at credit bureaus and with creditors.
