Re: *Lincare Holdings Inc. – Second Supplemental Notice of Data Incident*

To Whom It May Concern:

We continue to represent Lincare Holdings Inc. ("Lincare"). We are writing to supplement the notices provided to your Office on February 9, 2022 and June 6, 2022.

Lincare's Supplemental Notice of Data Incident, dated June 6, 2022, reported that an additional 5,591 New Hampshire residents were notified on or about June 6, 2022. We have since learned that the total number of additional New Hampshire residents reported in the Supplemental Notice was incorrect due to an inadvertent error by the third-party vendor responsible for processing, printing, and mailing the notifications. The total number of New Hampshire residents notified on or about June 3, 2022 was 6,340. On June 21, 2022, Lincare also provided written notice via U.S. Mail to an additional 2 New Hampshire residents. This Second Supplemental Notice is submitted to update the previously reported numbers.

Please contact me if you have any questions.

Best regards,

BAKER, DONELSON, BEARMAN,
CALDWELL & BERKOWITZ, PC

Alexander F. Koskey, III
