Re: Notice of Data Security Incident

Dear Attorney General Formella:

We represent Marans Newman Tsolis & Nazinitsky LLC ("MNT&N"), a transactional real estate law firm located in New York, New York. This letter is being sent because the personal information of certain New Hampshire residents may have been affected by a recent data security incident experienced by MNT&N. The incident may have involved unauthorized access to such residents' name and Social Security number.

On September 14, 2021, MNT&N detected a data security incident that disrupted access to certain systems. Upon discovering this, MNT&N immediately initiated an investigation and took steps to secure its network. MNT&N also engaged cybersecurity experts to assist with the investigation and determine whether sensitive information may have been accessed during the incident. As result of this investigation, MNT&N learned that certain data files may have been accessed or acquired during the incident. MNT&N then launched a comprehensive data review project to determine whether those files contained personal information. On or about April 5, 2022, MNT&N completed this project and identified that personal information belonging to certain New Hampshire residents may have been affected. MNT&N then worked diligently to provide notification as quickly as possible, including by updating address information for mailing.

MNT&N notified 4 potentially-affected New Hampshire residents of this incident via the attached sample letter, or a substantially similar version, on May 12, 2022. In so doing, MNT&N offered complimentary identity monitoring and identity theft restoration services through IDX, a global leader in risk mitigation and response. Please contact me should you have any questions.

Sincerely,

/s/ Lindsey Smith

Steps You Can Take to Protect Your Personal Information

Review Your Account Statements and Notify Law Enforcement of Suspicious Activity: As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (FTC).

Copy of Credit Report: You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting <http://www.annualcreditreport.com/>, calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

Equifax

P.O. Box 105851
Atlanta, GA 30348
1-800-525-6285
www.equifax.com

Experian

P.O. Box 9532
Allen, TX 75013
1-888-397-3742
www.experian.com

TransUnion

P.O. Box 2000
Chester, PA 19016
1-800-916-8800
www.transunion.com

Fraud Alert: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at <http://www.annualcreditreport.com>.

Security Freeze: You have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

Additional Free Resources: You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.
