Re: Notice of Data Event

Dear Sir or Madam:

We represent Paytime Harrisburg Inc. d/b/a Paytime, Inc. ("Paytime"), 5053 Ritter Rd., Suite 100, Mechanicsburg, PA 17055, and are writing to notify you of a data security incident that compromised the security of personal information of 43 New Hampshire residents. Paytime's investigation into this event is ongoing, and this notice will be supplemented with any new significant facts learned subsequent to its submission. By providing this notice, Paytime does not waive any rights or defenses regarding the applicability of New Hampshire law or personal jurisdiction.

Nature of the Data Security Event

Paytime is a payroll services provider and its clients are employers located in various states across the country, but primarily in Pennsylvania. On April 30, 2014, Paytime learned that unauthorized individuals accessed usernames and passwords associated with its system, specifically, its Client Service Center. Paytime immediately launched an investigation into this matter, and retained outside forensic experts to determine whether employee information may have been accessed by the intruders. Paytime shut down the Client Service Center to prevent further access to client information and employee personal information. Preliminary results from Paytime's investigation have revealed that the intruders, skilled hackers working from foreign IP addresses, identified and exploited a vulnerability in the Client Service Center, which allowed them to access employee information. Although Paytime's investigation is ongoing, our forensic experts have determined that employees' names, Social Security

Numbers, direct deposit bank account information (if provided), dates of birth, hire dates, wage information, home and cell phone numbers, other payroll related information and home addresses were accessed by the intruders. Our experts have also determined that the names, Social Security numbers and dates of birth for some of the affected employees dependents and beneficiaries was accessed.

Notice to New Hampshire Residents

While Paytime's investigation has been unable to determine what personal information was taken by the intruders, it does know that the types of information listed above of 43 New Hampshire residents were accessible. On May 12, 2014, Paytime began notifying affected clients that their employees' personal information was accessed by intruders. This notice was sent by email and letter in substantially the same form as the letter attached here as Exhibit A. Paytime requested that each affected employer permit Paytime to notify affected employees on the employer's behalf. Paytime is providing affected employees, including 43 New Hampshire residents, with written notice of this incident commencing on May 21, 2014, in substantially the same form as the letter attached here as Exhibit B.

Other Steps Taken and To Be Taken

Paytime takes this matter, and the security of the personal information in its care, seriously and has taken measures to ensure that this type of exposure does not occur again. These measures include an analysis of their systems and processes and implementing additional measures to secure personal information. Paytime has also taken steps to improve the existing security of their systems, including increased monitoring capabilities and use of additional software tools. In addition to providing written notice of this incident to affected individuals as described above, each affected individual is being offered access to one free year of credit monitoring and identity restoration services provided through AllClear ID. Paytime is providing each individual with information on how to protect against identity theft and fraud. Paytime is also working with federal law enforcement to identify the intruder(s). Further, Paytime is providing written notice of this incident to the Pennsylvania Department of Revenue, its own bank, various banks used by its clients, other state regulators and consumer reporting agencies where required.

Contact Information

Should you have any questions regarding this notification or other aspects of the data security event, please contact us at 215-977-4059.

If you have been a victim of identity theft, and you provide the credit reporting agency with a valid police report, it cannot charge you to place, lift or remove a security freeze. In all other cases, a credit reporting agency may charge you up to \$5.00 each to place, temporarily lift, or permanently remove a security freeze.

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies: Equifax (www.equifax.com), Experian (www.experian.com), and TransUnion (www.transunion.com) by regular, certified or overnight mail to the addresses below:

The credit reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit file report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both, that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail and include proper identification (name, address, and Social Security number) and the PIN number or password provided to you when you placed the security freeze, as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. To further protect against possible identity theft or other financial loss, we encourage you to remain vigilant, to review your account statements, and to monitor your credit reports. Specific steps you can take to protect against the possibility of identity theft include closely monitoring your financial statements for any unusual activity and monitoring your credit reports. Under U.S. law, you are entitled to one free credit report annually from each of the three major credit bureaus. To order your free credit report, visit www.annualcreditreport.com, or call, toll-free, (877) 322-8228.

Under Massachusetts law, consumers may place a security freeze on their credit reports. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without the consumer's written authorization. However, please be advised that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing, or other services.

If you have been a victim of identity theft, and you provide the credit reporting agency with a valid police report, it cannot charge you to place, lift or remove a security freeze. In all other cases, a credit reporting agency may charge you up to \$5.00 each to place, temporarily lift, or permanently remove a security freeze.

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies: Equifax (www.equifax.com), Experian (www.experian.com), and TransUnion (www.transunion.com) by regular, certified or overnight mail to the addresses below:

Equifax
P.O. Box 105069
Atlanta, GA 30348
800-525-6285
www.equifax.com

Experian
P.O. Box 2002
Allen, TX 75013
888-397-3742
www.experian.com

TransUnion
P.O. Box 2000
Chester, PA 19022-2000
800-680-7289
www.transunion.com

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.);

7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft;
8. If you are not a victim of identity theft, include payment by check, money order, or credit card (Visa, MasterCard, American Express or Discover only). Do not send cash through the mail.

The credit reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit file report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both, that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail and include proper identification (name, address, and Social Security number) and the PIN number or password provided to you when you placed the security freeze, as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have three (3) business days after receiving your request to remove the security freeze.

Please share this letter with appropriate administrative officials within your organization and with counsel as you deem appropriate.

We immediately launched our own investigation, and retained outside forensic experts to determine whether employee information and certain corporate information may have been accessed by the intruders. We are also working with law enforcement to identify the intruders. Although our investigation is ongoing, our forensic experts have determined that your employees' names, Social Security Numbers, direct deposit bank account information (if provided), dates of birth, hire dates, wage information, home and cell phone numbers, other payroll related information and home addresses were accessed by the intruders. There is also a possibility that information related to corporate bank accounts associated with your payroll was accessed.

We apologize for any concern this incident may cause you or your employees. Our team continues working 24 hours a day to respond to this incident. We believe your employees need to be notified of this incident. We therefore request your permission to notify all of your affected employees with a letter similar to the attached letter marked Exhibit A. We currently plan to mail letters to employees beginning May 21, 2014. Please call the above listed hotline as soon as possible in order to finalize preparations and send notices on that date.

Paytime, Inc. is aware that there are duties to notify certain state attorneys general and other agencies. We will be notifying necessary state entities in accordance with each involved state's notification law.

Although we are prepared to notify your employees in the most expedient manner possible, it will take a few days once you provide your authorization before they receive the notices in the mail. www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

At no charge, you can also have these credit bureaus place a "fraud alert" on your file that alerts creditors to take additional steps to verify your identity prior to granting credit in your name. Note, however, that because it tells creditors to follow certain procedures to protect you, it may also delay your ability to obtain credit while the agency verifies your identity. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts on your file. Should you wish to place a fraud alert, or should you have any questions regarding your credit report, please contact any one of the agencies listed below. Information regarding security freezes is also available from these agencies.
