Re: Accutech Systems Corporation – Incident Notification

Dear Mr. Formella:

McDonald Hopkins PLC represents Accutech Systems Corporation (“ASC”). I am writing to provide notification of an incident at ASC which may affect the security of personal information of one hundred (100) New Hampshire residents. ASC’s investigation is ongoing, and this notification will be supplemented with any new or significant facts or findings subsequent to this submission, if any. By providing this notice, ASC does not waive any rights or defenses regarding the applicability of New Hampshire law or personal jurisdiction.

On August 16, 2021, ASC detected potential unauthorized access to its network. Upon learning of this issue, ASC contained and secured the threat, commenced a prompt and thorough investigation, and notified law enforcement. ASC immediately launched an investigation in consultation with outside cybersecurity professionals to help determine whether any sensitive data had been compromised because of the incident. ASC’s investigation determined that the unauthorized individual(s) potentially accessed and acquired certain files and folders from portions of its network. On December 27, 2021, following an extensive review and analysis of the data at issue, ASC determined that certain files and folders potentially accessed and acquired from its network contained certain residents’ full name and one or more of the following: Social Security number, date of birth, and financial account number. On January 11, 2022, ASC began the process of notifying its financial institution customers of this incident. Since then, ASC has worked with the financial institutions to notify the affected residents whose information was identified by the review.

At the time of this notification, ASC has advised that it is not aware of any reports of identity theft or fraud arising out of this incident. Nevertheless, out of an abundance of caution, ASC wanted to inform you (and the affected residents) of the incident and to explain the steps that it is taking to help safeguard the affected residents against identity fraud. ASC is providing the affected residents with written notification of this incident commencing on or about January 28, 2022 in substantially the same form as the letter attached hereto. ASC is offering the affected residents complimentary one-year membership with a credit monitoring service. ASC is advising the affected residents to always remain vigilant in reviewing financial account statements for fraudulent or irregular activity on a regular basis. ASC is advising the affected residents about

the process for placing a fraud alert and/or security freeze on their credit files and obtaining free credit reports. The affected residents are also being provided with the contact information for the consumer reporting agencies and the Federal Trade Commission.

At ASC, protecting the privacy of personal information is a top priority. ASC is committed to maintaining the privacy of personal information in its possession and has taken many precautions to safeguard it. ASC continually evaluates and modifies its practices to enhance the security and privacy of the personal information it maintains.

Should you have any questions regarding this notification, please contact me at (248) 220-1356 or dpaluzzi@mcdonaldhopkins.com. Thank you for your cooperation.

Very truly yours,

Dominic A. Paluzzi

Dear [REDACTED]:

The privacy and security of the personal information we maintain is of the utmost importance to Accutech Systems Corporation ("ASC"). We are writing with important information regarding a recent data security incident that involved some of your information. We maintain your information because we provide trust accounting software services to [REDACTED]. We want to provide you with information about the incident, let you know about the services we are providing to you, and let you know that we continue to take significant measures to protect your information.

What Happened?

As a result of a data security incident, unauthorized access to our network occurred on August 16, 2021. There was no unauthorized access to the [REDACTED] internal network.

What We Are Doing.

In addition to containing our environment, we promptly launched an investigation in consultation with law enforcement. External cybersecurity professionals who regularly investigate and analyze these types of situations were engaged to analyze the extent of any compromise of the information on our network. We have also taken steps, in coordination with our third-party cybersecurity experts, to regain possession of the data and ensure its safekeeping.

What Information Was Involved.

Based on our comprehensive investigation and manual document review, we discovered on December 27, 2021 that your [REDACTED] may have been accessed and acquired from our network by an unauthorized party. On January 11, 2022, ASC began the process of notifying our financial institution customers of this incident. Since then, we have worked with the financial institutions to notify the affected individuals whose information was identified by the review.

What You Can Do.

We have no evidence that any of your information has been misused. Nevertheless, out of an abundance of caution, we want to make you aware of the incident. To protect you from potential misuse of your information, we are offering a complimentary one-year membership of Experian IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you and enrolling in this program will not hurt your credit score. For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary one-year membership, please see the additional information provided in this letter.

This letter also provides other precautionary measures you can take to protect your personal information, including placing a fraud alert and/or security freeze on your credit files, and/or obtaining a free credit report. Additionally, you should always remain vigilant in reviewing your financial account statements and credit reports for fraudulent or irregular activity on a regular basis.

For More Information.

Please accept our apologies that this incident occurred. We remain fully committed to maintaining the privacy of personal information in our possession and have taken many precautions to safeguard it. We continually evaluate and modify our practices to enhance the security and privacy of your personal information.

If you have any further questions regarding this incident, please call our dedicated and confidential toll-free response line that we have set up to respond to questions at [REDACTED]. This response line is staffed with professionals familiar with this incident and knowledgeable on what you can do to protect against misuse of your information. The response line is available Monday through Friday, 9am to 9pm Eastern.

Sincerely,

Accutech Systems Corporation

2. **Placing a Fraud Alert on Your Credit File.**

Whether or not you choose to use the complimentary 12-month credit monitoring services, we recommend that you place an initial one (1) year "fraud alert" on your credit files, at no charge. A fraud alert tells creditors to contact you personally before they open any new accounts. To place a fraud alert, call any one of the three major credit bureaus at the numbers listed below. As soon as one credit bureau confirms your fraud alert, they will notify the others.

Equifax

P.O. Box 105788
Atlanta, GA 30348

3. **Placing a Security Freeze on Your Credit File.**

You may also request a "security freeze" be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization and would prohibit anyone from opening a tradeline or credit in your name. You may place a security freeze on your credit report by contacting all three nationwide credit reporting companies at the numbers below and following the stated directions or by sending a request in writing, by mail, to all three credit reporting companies:

* Offline members will be eligible to call for additional reports quarterly after enrolling.

** Identity theft insurance is underwritten by insurance company subsidiaries or affiliates of American International Group, Inc. (AIG). The description herein is a summary and intended for informational purposes only and does not include all terms, conditions and exclusions of the policies described. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

TransUnion Security Freeze

P.O. Box 2000
Chester, PA 19016
<https://www.transunion.com/credit-freeze>
(888) 909-8872

In order to place the security freeze, you'll need to supply your name, address, date of birth, Social Security number and other personal information as requested by the credit reporting company. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze, which you can do at any time either temporarily or permanently. It is free to place, lift, or remove a security freeze.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name, or to commit fraud or other crimes against you, you may file a police report in the city in which you currently reside.

If you do place a security freeze *prior* to enrolling in the credit monitoring service as described above, you will need to remove the freeze in order to sign up for the credit monitoring service. After you sign up for the credit monitoring service, you may refreeze your credit file.

4. Obtaining a Free Credit Report.

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call **1-877-322-8228** or request your free credit reports online at **www.annualcreditreport.com**. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at <https://www.consumer.ftc.gov/articles/0155-free-credit-reports>) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

5. Additional Helpful Resources.

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at www.ftc.gov/idtheft, by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC's Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.

If this notice letter states that your financial account information and/or credit or debit card information was impacted, we recommend that you contact your financial institution to inquire about steps to take to protect your account, including whether you should close your account or obtain a new account number.
