Dear Attorney General,

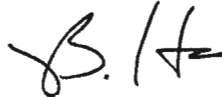

I am writing on behalf of Advanced Graphic Products, Inc. ("Advanced-Online") to notify you that Advanced-Online was the target of unauthorized access that resulted in the compromise of certain customer information. Advanced-Online learned on January 3, 2018 that the security of certain personal information housed on the company's online platform may have been subject to unauthorized access. The date range for the incident appears to be April 29, 2017 until January 12, 2018.

Upon becoming aware of the unauthorized access, Advanced-Online immediately took steps to stop it, including engaging a nationally recognized cybersecurity and forensics firm to investigate the situation, determine the scope of the issue, and close the vulnerability in order to prevent recurrence. Among the remediation steps, Advanced-Online implemented strengthened firewall protections, and an updated solution that hashes and salts customer passwords.

For approximately two (2) customers in your state, the following information may have been compromised: name, billing zip code, address, and payment card information (account number, expiration date, CVV number). On February 2, 2018, Advanced-Online will provide notification via email and postal mail to customers who had payment card information affected (see attached "Sample Notification"), and is offering one year of credit monitoring and identity theft protection services without any charge to the customers.

Customers potentially affected by this intrusion may contact Advanced-Online's hotline established for this matter as described in the notice if they have any questions and to clarify any concerns regarding this matter.

Sincerely,

Brian Hengesbaugh
Partner

NOTICE OF DATA BREACH

Dear <<MemberFirstName>> <<MemberLastName>>,

Thank you for being an Advanced-Online customer. Advanced-Online is the official online provider of branded merchandise for numerous companies, colleges and organizations. We are contacting you to inform you of recent unauthorized access of certain customer information on our online platform. This communication will provide you with information about the incident itself, and the steps we are taking to remediate the issue and help you protect yourself.

WHAT HAPPENED?

Advanced-Online learned on January 3, 2018 that certain personal information housed on the company's online platform may have been subject to unauthorized access. The date range for the incident appears to be April 29, 2017 until January 12, 2018. Upon becoming aware of the potential unauthorized access, Advanced-Online promptly engaged a nationally recognized cybersecurity and forensics firm to assess and address the situation.

WHAT INFORMATION WAS INVOLVED?

Advanced-Online and our cybersecurity and forensics firm believe that the following categories of information may have been compromised: name, address, username/email address, password, and payment card information (account number, expiration date, CVV number).

WHAT ARE WE DOING?

Upon becoming aware of the unauthorized access we promptly took steps to stop it, including engaging a nationally recognized cybersecurity and forensics firm to investigate the situation, determine the scope of the issue, and close the vulnerability in order to prevent recurrence.

As a precaution, you will be required to reset your password the next time you attempt to access the site. The password reset will require an additional level of authentication. In addition, Advanced-Online encourages you to be especially aware of email, telephone and postal mail scams that ask for personal or sensitive information. Advanced-Online will not contact you in any way, including by email, asking for your credit card number, Social

Security number, or other personally identifiable information. If you are asked for this information, you can be confident Advanced-Online is not the entity asking. OTHER IMPORTANT INFORMATION.

Advanced-Online is providing the following additional information for those U.S. residents who wish to consider it:

- You may wish to visit the website of the U.S. Federal Trade Commission at <http://www.consumer.ftc.gov/features/feature-0014-identity-theft> or reach the FTC at 877-382-4357 or 600 Pennsylvania Avenue, NW, Washington, DC 20580 for further information about how to protect yourself from identity theft. Your state Attorney General may also have advice on preventing identity theft, and you should report instances of known or suspected identity theft to law enforcement, your State Attorney General, and the FTC.
 - Maryland Residents: If you are a Maryland resident, you can reach the Maryland Attorney General at 888-743-0023 (toll free in Maryland) or Office of the Attorney General, 200 St. Paul Place, Baltimore, Maryland 21202.
 - North Carolina Residents: You can reach the North Carolina Attorney General at 919-716-6400 or Office of the Attorney General, 9001 Mail Service Center, Raleigh, North Carolina 27699.
- You may have the right to obtain any police report filed related to this intrusion, and to file a police report and obtain a copy of it if you are the victim of identity theft.
- U.S. residents are entitled under U.S. law to one free credit report annually from each of the three major credit bureaus. To order your free credit report, visit www.annualcreditreport.com or call toll-free 877-322-8228.
- You can request information regarding “fraud alerts” and “security freezes” from the three major U.S. credit bureaus listed below. At no charge, if you are a U.S. resident, you can have these credit bureaus place a “fraud alert” on your file that alerts creditors to take additional steps to verify your identity prior to granting credit in your name. This service can make it more difficult for someone to get credit in your name. Note, however, that because it tells creditors to follow certain procedures to protect you, it also may delay your ability to obtain credit while the agency verifies your identity. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts on your file. A “security freeze” generally prohibits the credit reporting agency from releasing your credit report or any information from it without your written authorization. You should be aware that placing a security freeze on your credit account may delay or interfere with the timely approval of any requests that you make for new loans, credit, mortgages, or other services. Unlike fraud alerts, to obtain a security freeze you must send a written request to each of the three major reporting agencies and you may be required to provide information such as your: (1) name; (2) Social Security number; (3) date of birth; (4) current address; (5) addresses over the past five years; (6) proof of current address; (7) copy of government identification; and (8) any police/ investigative report or complaint. Should you wish to place a fraud alert or a security freeze, or should you have any questions regarding your credit report, please contact any one of the agencies listed below.
 - Experian: 888-397-3742; www.experian.com; P.O. Box 9554, Allen, TX 75013
 - Equifax: 800-525-6285; www.equifax.com; P.O. Box 105788, Atlanta, GA 30348
 - TransUnion: 800-680-7289; www.transunion.com; Fraud Victim Assistance Division, P.O. Box 2000, Chester, PA 19022-2000

Please note that although Advanced-Online is offering to provide identity monitoring services for 12 months free of charge via Kroll, the consumer reporting agencies listed above may require fees for their services.

FOR MORE INFORMATION.

If you have any questions please call 1-833-215-3725, Monday through Friday from 8:00 a.m. to 5:00 p.m. Central Time.

Sincerely,
