Re: Notice of Fourth Party Vendor Security Incident

Dear Attorney General Formella,

Pursuant to N.H. Rev. Stat. Ann. § 359-C:20, I am notifying your office that the well-publicized security incident affecting MOVEit Transfer software has impacted the personal information of a small number of pension plan participants of our client, Altec, Inc. ("Altec" or the "Company").

Altec utilizes Milliman, Inc., ("Milliman") as a retirement-solutions third-party service provider through Bank of America to administer Altec's pension plan. It is our understanding that Milliman, in turn, utilizes Pension Benefit Information, LLC ("PBI") to perform audit and address research services for the administration of pension plans.

PBI and/or Milliman may have already informed your office of the MOVEit Transfer security incident, and its effect on New Hampshire residents. However, as a "data owner" under § 359-C:20, we wanted to make sure we separately reported the matter as well.

On August 1, 2023, Bank of America notified Altec that PBI was impacted by the zero-day vulnerability within the widely used managed file transfer software, MOVEit Transfer. PBI had reported to Bank of America that the MOVEit Transfer vulnerability had been successfully exploited on May 29-30, 2023, to obtain unauthorized access to a PBI server storing files that contained personal information on Bank of America administered pension plans, including a small number of Altec pension plan participants. Milliman has reported that it immediately took steps to confirm that PBI had remediated the software vulnerability. Altec also worked with Milliman to ensure that any future transfers of data using PBI are secure going forward.

The personal information that could have been subject to unauthorized access and/or acquisition includes _____ of Altec pension plan participants, including one New Hampshire resident. Altec is not aware of any actual or attempted misuse of personal information as a result of this incident.

On August 4, 2023, Altec sent a letter to its impacted pension plan participants informing them of the MOVEit security incident, and letting them know they would be receiving a letter from PBI that contained additional details on the incident, and included an offer of _____ of

complimentary credit monitoring and identity restoration services. PBI notified Altec pension plan participants on August 16, 2023. A copy of the individual notice from PBI is enclosed.

As part of its ongoing commitment to maintaining the security of its employees' information, Altec is reviewing existing policies and procedures that govern third party vendors and evaluating additional measures and safeguards for third parties that store personal information on Altec employees.

Please do not hesitate to let me know if you have any questions.

Very truly yours,

J.T. Malatesta

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer's express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer's name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);

³ Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge. To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:
