RE: Data Incident Notification

Dear Sir or Madam,

I am writing you to let you know that BTU International, Inc. ("BTU") is providing notice of a security incident to eighty-three (83) New Hampshire residents.

Our firm represents Amtech Systems, Inc., the parent company of BTU located in Massachusetts. BTU recently experienced a data incident, and we are hereby formally notifying you of this event pursuant to N.H. Rev. Stat. Ann. § 359-C:20. By providing this notice, BTU does not waive any rights or defenses regarding the applicability of New Hampshire law, the applicability of the New Hampshire notification security breach statute, or all/any other applicable laws (including those pertaining to personal jurisdiction).

On April 12, 2021, BTU detected a data incident in which attackers acquired data and disabled some BTU technology systems. The incident caused a network disruption and impacted certain BTU systems. Upon learning of the incident, BTU immediately engaged external counsel and a team of third-party security, incident response, and forensic professionals to investigate and determine the full scope of this incident. That investigation remains ongoing, and we have alerted law enforcement. BTU also contained the threat by proactively disconnecting the affected networks and successfully limited additional damage. We can now report that the previously disabled network is back up and running securely.

BTU sent written notification to affected employees and beneficiaries on May 12, 2021 via United States mail. The notice contains a description of what happened and the PII that could have potentially been accessed. For your reference, we have attached a sample letter of the individual notice, attached hereto as Exhibit A.

BTU is offering those individuals two years of free Experian credit monitoring service and a toll-free number to call with any questions. Additionally, BTU required a forced password

reset for all endpoints and users, strengthened certain network restrictions and privileges, and deployed Next Gen AV and Managed Detection & Response. If you have any questions regarding this matter, please do not hesitate to contact me at 612-766-7116 or Kathryn.allen@faegredrinker.com.

Sincerely,

Kathryn R. Allen

Re: Notice of Data Breach

Dear <<Name 1>>:

BTU International, Inc. ("BTU") is writing to notify you of a recent incident that may have resulted in unauthorized access to your personal information maintained by BTU. We maintained your personal information as an employee of BTU, or as a beneficiary of a BTU employee. This letter provides you with information on the steps BTU has taken to further guard against the potential misappropriation of your data and steps you can take to remain vigilant in monitoring your data.

What Happened?

On April 12, 2021, BTU detected a data incident in which attackers acquired data and disabled some of the technology systems used by BTU. Upon learning of the incident, we immediately engaged external counsel and retained a team of third-party forensic, incident response, and security professionals to investigate and determine the full scope of this incident. Our investigation of the data incident is ongoing, and we are in the process of determining what data was affected and the individuals who require notice.

What Information was Involved?

BTU is in the process of reviewing any exposed data; however, so far BTU has identified affected files containing personal information about current employees of BTU and some of their beneficiaries. This personal information included first name, last name, postal address, date of birth, Social Security Number, employment position and compensation information.

What are We Doing?

We are offering you a two-year membership in a three-bureau credit monitoring service provided by Experian, at no cost to you. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. We take the security of your personal information seriously, and we worked alongside our security professionals to safely bring BTU's systems online with enhanced security controls.

We also have deployed an advanced next generation anti-virus and endpoint detection and response tool, as well as Managed Detection & Response services. In addition, we have notified law enforcement officials of this incident, but the mailing of this letter was not delayed by them.

Please know that we remain committed to protecting the personal information of our employees and their family members or beneficiaries.

What Can You Do?

If you would like to enroll in credit monitoring services, please follow the instructions in the following section titled *Activating Your Complimentary Credit Monitoring*. We cannot register you for credit monitoring directly. This service is completely free to you and enrolling in this program will not hurt your credit score. In addition, please continue to be vigilant about the security of your online or financial accounts and monitor your credit reports for unauthorized activities. Please report any suspicious activities to appropriate law enforcement.

For More Information

Again, we take the security of your information in our care very seriously, and we regret any concern or inconvenience this incident may cause you. Please review the enclosed attachment called *Preventing Identity Theft and Fraud* for more information on ways to protect against the potential misuse of your information. If you have additional questions, please contact 855-535-1809 Monday through Friday, 9am to 9pm Eastern Time (excluding US holidays).

Sincerely,

BTU International, Inc.

Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

PREVENTING IDENTITY THEFT AND FRAUD

We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious activity. Immediately report any suspicious activity to your bank or credit union. If you do find suspicious activity on your credit reports or other statements, call your local police or sheriff's office or state Attorney General and file a report of identity theft. You have a right to a copy of the police report, and you may need to give copies of the police report to creditors to clear up your records and also to access some services that are free to identity theft victims.

Under the U.S. Fair Credit Reporting Act and other laws, you have certain rights that can help protect yourself from identity theft. Many of these are explained in this document and at www.identitytheft.gov/Know-Your-Rights. For example, you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

At no charge, you can have these credit bureaus place a short-term or an extended "fraud alert" on your file that alerts creditors to take additional steps to verify your identity prior to granting credit in your name. Note, however, that because it tells creditors to follow certain procedures to protect you, it may also delay your ability to obtain credit while the agency verifies your identity. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts on your file. Should you wish to place a fraud alert, or should you have any questions regarding your credit report, please contact any one of the agencies listed below.

General contact information for each agency:

Equifax	Experian	TransUnion
P.O. Box 105069	P.O. Box 9554	P.O. Box 2000
Atlanta, GA 30348-5069	Allen, TX 75013	Chester, PA 19016-2000
(800) 525-6285	888-397-3742	800-680-7289
www.equifax.com	www.experian.com	www.transunion.com

To add a fraud alert:

Equifax (888) 202-4025, Option 6 or <https://www.equifax.com/personal/credit-report-services/credit-fraud-alerts/>

Experian (714) 830-7000, Option 2 or <https://www.experian.com/fraud/center.html>

TransUnion (800) 916-8800, Option 0 or <https://www.transunion.com/fraud-alerts>

You may also place a security freeze on your credit reports, free of charge. A security freeze, also known as a "credit freeze," prohibits a credit bureau from releasing any information from a consumer's credit report without the consumer's written authorization. However, please be advised that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing, or other services. But unlike a fraud alert, you must separately place a security freeze on your credit file at **each** bureau. You can use the following addresses and contact information to place a security freeze with each major credit bureau:

Equifax Security Freeze. 1-800-685-1111. P.O. Box 1057881, Atlanta, GA 30348-0241. www.equifax.com/personal/credit-report-services/credit-freeze/;

Experian Security Freeze. 1-888-EXPERIAN or 1-888-397-3742. P.O. Box 9554, Allen, TX 75013. www.experian.com/freeze/center.html; or

TransUnion. 1-800-680-7289. Fraud Victim Assistance Division, P.O. Box 2000, Chester, PA 19022-2000. www.transunion.com/credit-freeze

The Federal Trade Commission also provides additional information about credit freezes here: <https://www.consumer.ftc.gov/articles/0497-credit-freeze-faqs>.

In order to request a security freeze, you may need to supply your full name (including middle initial, as well as Jr., Sr., II, III, etc.), date of birth, Social Security number, all addresses for up to five previous years, email address, a copy of your state identification card or driver's license, and a copy of a utility bill, bank or insurance statement, or other statement to show proof of your current address. If you are a victim of identity theft, include a copy of the police report, investigative report, or complaint to a law enforcement agency concerning your identity theft.

The credit reporting agencies must place a security freeze on your credit report within one (1) business day after receiving a request by phone or secure electronic means, and within (3) business days after receiving your request by mail. The credit bureaus must then send written confirmation to you within five (5) business days of placing the security freeze, along with information about how to remove or lift the security freeze in the future.

You can further educate yourself regarding identity theft, fraud alerts, freezes, and the steps you can take to protect yourself by contacting the Federal Trade Commission or your state Attorney General. The Federal Trade Commission encourages those who discover their information has been misused to file a complaint with them. Instances of known or suspected identity theft should be reported to law enforcement or your state Attorney General as well.
