Re: Breach Notification Pursuant to N.H. Rev. Stat. § 359-C:19 et seq.

Dear Sir/Madam:

This firm is counsel to Aurobindo Pharma USA, Inc. ("Aurobindo"). I am writing to supplement our prior notice dated May 28, 2021 pursuant to the breach notification law.

In our May 28, 2021 letter, we provided notice of a ransomware attack that occurred on May 1, 2021. Aurobindo reported the incident to law enforcement and immediately engaged security consultants to take remedial measures to restore the integrity of its systems. Due to the complexity of the cyberattack, its security consultants are still finalizing their investigation. Based on the current information, employee information related to job applications and employee files may have been affected. Such data includes name, address, phone number, social security number, bank account information if used for direct deposit, performance and benefit information.

In our prior notice, we advised that there were 2 employees who are New Hampshire residents. We have also identified 1 former employee who is a New Hampshire resident. Aurobindo has provided formal notice to this additional former employee and has offered 1 year of credit monitoring.

Enclosed for your reference is a sample copy of breach notification that is being provided to this 1 affected Connecticut residents. Experian has been retained to provide credit monitoring and sent a breach notification letter to this individual on June 24, 2021.

Re: Notice of Data Breach

Dear Sample A. Sample,

First, I would like to express our appreciation for past employment relationship with Aurobindo Pharma USA, Inc. It is our goal to be transparent about issues as they arise. In that vein, I am writing to advise you of a recent cyberattack that impacted our systems and may have compromised your personal information. We are writing to notify you of the event and the efforts we are taking to help you ensure that any personal data is protected. Please carefully review this letter as it contains important information regarding this event and important steps which you should take right away to protect your personal data.

What Happened

On May 1, 2021, Aurobindo experienced a cyberattack on our computer systems. We immediately engaged security consultants to assist us. Due to the complexity of the cyberattack, our consultants are still investigating the attack and rebuilding our systems but based on their preliminary analysis, it appears that some employee data **may** have been compromised. Unfortunately, cyberattacks are becoming commonplace America's critical infrastructure and many companies and hospitals have been attacked in the last month.

What Information Was Involved

Our investigation is continuing but given the type of attack, we believe that information included in your job application and employee file **may** have been affected. Such data includes, but is not limited to, name, address, phone numbers, social security number, bank account information if used for direct deposit, performance and benefit information. At this point, we have no direct knowledge that your personal information was improperly used or that improper activity will occur. Nevertheless, in an abundance of caution, we felt that it was important to advise you of these facts and the steps you may wish to take to help protect yourself (listed below).

What are We Doing

As mentioned above, we engaged a security consulting firm to assist us soon after we learned of the incident. We are continuing to work diligently with the consultants to investigate the incident.

Information about Identity Theft Protection

Monitor Your Accounts

We recommend that you regularly review statements from your accounts and periodically obtain your credit report from one or more of the national credit reporting companies. You may obtain a free copy of your credit report online at www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by mailing an Annual Credit Report Request Form (available at www.annualcreditreport.com) to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281. You may also purchase a copy of your credit report by contacting one or more of the three national credit reporting agencies listed below.

When you receive your credit reports, review them carefully. Look for accounts or creditor inquiries that you did not initiate or do not recognize. Look for information, such as home address and Social Security number that is not accurate. If you see anything you do not understand, call the credit reporting agency at the telephone number on the report.

Credit Freeze

You have the right to put a security freeze, also known as a credit freeze, on your credit file, so that no new credit can be opened in your name without the use of a Personal Identification Number (PIN) that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to access your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. Should you wish to place a credit freeze, please contact all three major consumer reporting agencies listed below.

Equifax
P.O. Box 105788

You must separately place a credit freeze on your credit file at each credit reporting agency. The following information should be included when requesting a credit freeze:

- 1) Full name, with middle initial and any suffixes;
- 2) Social Security number;
- 3) Date of birth (month, day, and year);
- 4) Current address and previous addresses for the past five (5) years;
- 5) Proof of current address, such as a current utility bill or telephone bill;
- 6) Other personal information as required by the applicable credit reporting agency;

If you request a credit freeze online or by phone, then the credit reporting agencies have one (1) business day after receiving your request to place a credit freeze on your credit file report. If you request a lift of the credit freeze online or by phone, then the credit reporting agency must lift the freeze within one (1) hour. If you request a credit freeze or lift of a credit freeze by mail, then the credit agency must place or lift the credit freeze no later than three (3) business days after getting your request.

Fraud Alerts

You also have the right to place an initial or extended fraud alert on your file at no cost. An initial fraud alert lasts 1-year and is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting 7 years. Should you wish to place a fraud alert, please contact any one of the agencies listed below. The agency you contact will then contact the other two credit agencies.

Monitor Your Personal Health Information

If applicable to your situation, we recommend that you regularly review the explanation of benefits statement that you receive from your insurer. If you see any service that you believe you did not receive, please contact your insurer at the number on the statement. If you do not receive the regular explanation of benefits statements, contact your provider and request them to send such statements following the provision of services in your name or number.

You may want to order copies of your credit reports and check for any medical bills that you do not recognize. If you find anything suspicious, call the credit reporting agency at the phone number on the report. Keep a copy of this notice for your records in case of future problems with your medical records. You may also want to request a copy of your medical records from your provider, to serve as a baseline. If you are a California resident, we suggest that you visit the website of the California Office of Privacy Protection at www.privacy.ca.gov to find more information about your medical privacy.

Additional Information

You can further educate yourself regarding identity theft and the steps you can take to protect yourself, by contacting your state Attorney General or the Federal Trade Commission. Instances of known or suspected identity theft should be reported to law enforcement, your Attorney General, and the FTC.
