Attorney General Joseph Foster
New Hampshire Department of Justice
Attn: Security Breach Notification
33 Capitol Street
Concord, NH 03301

Dear Attorney General Foster:

I am writing on behalf of Bell Helicopter's Training Academy ("Bell") to inform you of a security incident potentially affecting 6 New Hampshire residents.

On July 3, 2013, Bell learned that some training program attendees had received a spam email, which appeared to originate from Bell. We promptly conducted a thorough investigation into the incident and warned attendees about the spam email. We subsequently determined that the email addresses had been obtained, without Bell's authorization, likely from a database containing email addresses provided by past training program attendees. The referenced database also contained credit card numbers provided by certain attendees, including 6 attendees from New Hampshire. We have not been able to determine whether any credit numbers were the subject of unauthorized access, or whether they were for a corporate or personal credit card account. We have been able to determine that the credit card numbers have expired. To date, we have received no information indicating that any credit card numbers have been misused.

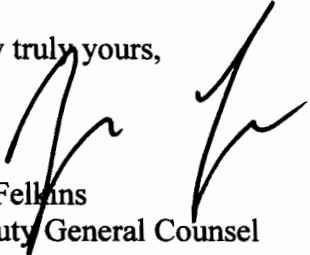

We can assure you that Bell takes seriously the security of the personal information of training academy attendees. We are in the process of reviewing our security controls in light of this incident. After considering the results of this review, we will implement appropriate measures in an effort to prevent a recurrence.

Dear [INSERT NAME]:

We are writing to inform you of an information security incident that could potentially affect you, and to share with you the steps that Bell Helicopter's Training Academy ("Bell") is taking to address it.

On July 3, 2013, we learned that some training program attendees had received a spam e-mail, which appeared to originate from Bell. We promptly conducted a thorough investigation into the incident. We determined that the e-mail addresses had been obtained, without Bell's authorization, likely from a database containing e-mail addresses provided by past training program attendees, including yours. We do not know whether this e-mail address is for a corporate or personal e-mail account. The referenced database also contains credit card numbers provided by certain attendees, including the credit card number that you provided to Bell. We have not been able to determine whether that credit card number was the subject of unauthorized access, or whether it was for a corporate or personal account. We have been able to determine that the credit card has expired. To date, we have received no information indicating that your or other credit card numbers have been misused.

We can assure you that Bell takes the security of your personal information seriously. We are in the process of reviewing our security controls in light of this incident. After considering the results of this review, we will implement appropriate measures in an effort to prevent a recurrence.

Steps To Protect The Security Of Your Personal Information

By taking the following steps, you can help reduce the risk that your personal information may be misused.

1. Enroll in ProtectMyID. You must personally activate credit monitoring for it to be effective. The notice letter contains instructions and information on how to activate your ProtectMyID membership. If you need assistance or if you want to enroll by telephone, you should contact Experian directly at 1-877-371-7902. Experian's ProtectMyID product will provide the following:

- **Credit Report:** A free copy of your Experian credit report.
- **Daily Credit Monitoring:** Alerts you of suspicious activity including new inquiries, newly opened accounts, delinquencies, or medical collections.
- **Identity Theft Resolution:** If you have been a victim of identity theft, you will be assigned a dedicated, U.S.-based Experian Identity Theft Resolution Agent who will walk you through the fraud resolution process, from start to finish.
- **\$1 Million Identity Theft Insurance:** As a ProtectMyID Alert member, you are immediately covered by a \$1 Million insurance policy that can help you cover certain costs, including lost wages, private investigator fees, and unauthorized electronic fund transfers.

Please direct questions about the ProtectMyID product to Experian. Enrolling in ProtectMyID will not affect your credit score.

2. Review your credit reports. You can receive free credit reports by placing a fraud alert. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three national credit bureaus. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report from one of the three credit bureaus every four months.

3. Review your account statements. You should carefully review for suspicious activity the statements that you receive from credit card companies, banks, utilities and other service providers.

4. Remain vigilant and respond to suspicious activity. If you receive an e-mail or mail alert from Experian, contact a ProtectMyID fraud resolution representative Toll-Free at 1-877-371-7902 or www.protectmyid.com. If you notice suspicious activity on an account statement, report it to your credit card company or service provider and consider closing the account. You also should consider reporting such activity to your local police department, your state's attorney general, and the Federal Trade Commission.

5. Consider placing a fraud alert with one of the three national credit bureaus. You can place an initial fraud alert by contacting one of the three national credit bureaus listed below. For 90 days, an initial fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you but also may delay you when you seek to obtain credit. If you decide to enroll in ProtectMyID, you should place the fraud alert after enrolling. The contact information for all three bureaus is as follows:

P.O. Box 105069
Atlanta, Georgia 30348
