Pursuant to N.H. Rev. Stat. §§ 359-C:20, we are writing to notify you of the unauthorized access of personal information involving one New Hampshire resident.

On March 16, 2017, Berg LLC (“Berg”), a Boston-based biopharma company, became aware that an unknown individual fraudulently obtained access to its employees’ W-2 information. After conducting a preliminary investigation, Berg currently believes that on or about February 1, 2017, an unknown individual impersonated the identity of the President and CEO of the company, Niven Narain, and fraudulently induced an employee of Berg to send copies of W-2 information for all 186 employees of Berg.
