Re: Incident Notification

Dear Attorney General Foster:

I am writing on behalf of our client, California State University, Fresno, ("Fresno State") to notify you of a security incident involving one (1) New Hampshire resident.

A break-in occurred in the Fresno State Athletics Department sometime in the last week of December 2017, during the campus holiday closure. Once discovered, the matter was immediately reported to Campus police, and an internal investigation was initiated to determine what, if any, personal information may have been stored on those devices. On January 12, 2018, we learned that an unencrypted hard drive was among the items that were stolen.

While there is no indication that the unknown individual was able to access any other systems, our investigation has determined that the hard drive may have contained personal information for some Fresno State's employees and students, including their name, address, date of birth, social security number, and in some cases driver's license number, financial account information, and limited health information.

On March 6, 2018, Fresno State will begin mailing written notifications to potentially affected individuals in accordance with N.H. Rev. Stat. Ann. § 359-C:20 in substantially the same form as the enclosed letter.¹ Fresno State is offering eligible potentially affected individuals a complimentary one-year membership in credit monitoring and identity theft protection services from Experian. Fresno State has also provided a telephone number for potentially affected individuals to call with any questions they may have.

¹ This report is not, and does not constitute, a waiver of Fresno State's objection that New Hampshire lacks personal jurisdiction over this matter.

Additional Steps You Can Take

Even if you choose not to take advantage of this free credit monitoring service, we recommend that you remain vigilant to the possibility of fraud and identity theft by reviewing your credit card, bank, and other financial statements for any unauthorized activity. We also recommend that you place a fraud alert on your credit file. A fraud alert tells creditors to contact you before they open any new accounts or charge your existing accounts. Call any one of the three major credit bureaus. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts. The initial fraud alert stays on your credit report for 90 days. You can renew it after 90 days.

You may also obtain a copy of your credit report, free of charge, directly from each of the three nationwide credit reporting agencies once every 12 months.
