Re: Notification of a Computer Security Incident Involving Personal Information Pursuant to N.H. Rev. Stat. § 359-C:20

Dear Attorney General MacDonald:

We represent Central Maine Healthcare (CMHC) in connection with an incident that involved the personal information of one (1) New Hampshire resident, and provide this notice on behalf of CMHC pursuant to N.H. Rev. Stat. § 359-C:20. This notice will be supplemented, if necessary, with any new significant facts discovered subsequent to its submission. While CMHC is notifying you of this incident, CMHC does not waive any rights or defenses relating to the incident or this notice, or the applicability of New Hampshire law on personal jurisdiction.

NATURE OF THE SECURITY INCIDENT OR UNAUTHORIZED ACCESS

CMHC recently became aware of an employee email account compromise. Upon discovery of the incident, CMHC immediately shut down the affected email boxes. CMHC also hired a leading forensic security firm to investigate and confirm the overall security of its email and computer systems. On July 26, 2019, CMHC learned that some personal information could have been viewed as part of the compromise, including the name and Social Security number of a New Hampshire resident.

At this point, CMHC is not aware of any fraud or identity theft to any individual as a result of this incident, and cannot confirm if any personal information was actually obtained by an unauthorized party. Nevertheless, because there was an email account compromise and CMHC cannot isolate exactly what, if any, information may have been obtained, it is notifying all individuals whose personal information could have been accessed.

Dear [Redacted],

The protection and privacy of your personal information is one of our highest priorities. Because of this, we are writing to make you aware of a recent data security incident. We recently discovered that someone accessed the email account of one of our employees without authorization. Upon learning of the incident, we promptly contained the incident by securing the email account to prevent further access. We also hired a forensic security firm to investigate and confirm security of our email and computer systems. Please note that the compromise was limited to one email account, which operates outside of and separate from our electronic medical record systems, which were not affected.

At this point, we are not aware of any fraud or identity theft to any individual as a result of this incident, and do not know if any personal information was ever actually viewed or acquired by the unauthorized party. Nevertheless, as part of our investigation, we searched for any personal information in the email account that could have been viewed, and on July 26, 2019, we determined that the account contained some personal information, including your name, Social Security number and, for some individuals, date of birth and address.

Although we are not aware of any instances of fraud or identity theft, we are offering a complimentary one-year membership of Experian IdentityWorksSM Credit 3B. Additional Important Information

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC"). You also have the right to obtain a police report.

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps to you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at: Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Credit Reports: You may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies by visiting <http://www.annualcreditreport.com>, by calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/cra/requestformfinal.pdf>.

Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies. Contact information for the three national credit reporting agencies for the purpose of requesting a copy of your credit report or for general inquiries, including obtaining information about fraud alerts and placing a security freeze on your credit files, is as follows:

Equifax 1-800-349-9960 www.equifax.com P.O. Box 105788 Atlanta, GA 30348	Experian 1-888-397-3742 www.experian.com P.O. Box 9554 Allen, TX 75013	TransUnion 1-888-909-8872 www.transunion.com P.O. Box 2000 Chester, PA 19022

Fraud Alerts: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least 90 days. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at <http://www.annualcreditreport.com>.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. There shall be no charge for a security freeze. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies using the contact information above. In order to request a security freeze, you may need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;
5. Proof of current address such as a current utility bill or telephone bill;
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.); and
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

The credit reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.

To remove the security freeze or lift the freeze in order to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail and include proper identification (name, address, and social security number) **and** the PIN number or password provided to you when you placed the security freeze as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have three (3) business days after receiving your request to remove or lift the security freeze for those identified entities or for the specified period of time.

Individuals interacting with credit reporting agencies have rights under the Fair Credit Reporting Act. We encourage you to review your rights under the Fair Credit Reporting Act by visiting www.consumerfinance.gov/f/201504_cfpb_summary_your-rights-under-fcra.pdf, or by requesting information in writing from the Consumer Response Center, Room 130-A, Federal Trade Commission, 600 Pennsylvania Ave. NW, Washington, DC 20580.
