Re: City of Charlottesville – Incident Notification

Dear Attorney General MacDonald:

McDonald Hopkins PLC represents the City of Charlottesville (“City”). I am writing to provide notification of an incident at the City that may affect the security of personal information of approximately ten (10) New Hampshire residents. The City’s investigation is ongoing, and this notification will be supplemented with any new or significant facts or findings subsequent to this submission, if any. By providing this notice, the City does not waive any rights or defenses regarding the applicability of New Hampshire law or personal jurisdiction.

The City recently learned that an unauthorized individual may have obtained access to a City employee’s email account between March 19, 2019 and April 22, 2019. The City immediately launched an investigation in consultation with outside cybersecurity professionals who regularly investigate and analyze these types of situations to analyze the extent of any compromise of the email account and the security of the emails and attachments contained within it. The City devoted considerable time and effort to determine what information was contained in the affected email account. Based on its comprehensive investigation and document review, which concluded on August 27, 2019, the City discovered that the compromised email account contained a limited amount of personal information, including the affected residents’ full names and Social Security numbers.

To date, the City is not aware of any reports of identity fraud or improper use of any information as a direct result of this incident. Nevertheless, out of an abundance of caution, the City wanted to inform you (and the affected residents) of the incident and to explain the steps that it will be taking to help safeguard the affected residents against identity fraud. The City will provide the affected residents with written notification of this incident commencing on or about September 27, 2019, in substantially the same form as the letter attached hereto. The City will offer the affected residents complimentary one-year memberships with a credit monitoring service. The City will advise the affected residents about the process for placing fraud alerts and/or security freezes on their credit files and obtaining free credit reports. The affected

residents will also be provided with the contact information for the consumer reporting agencies and the Federal Trade Commission.

At the City, protecting the privacy of personal information is a top priority. The City is committed to maintaining the privacy of personal information in its possession and has taken many precautions to safeguard it. The City continually evaluates and modifies its practices and internal controls to enhance the security and privacy of personal information.

We recently learned that an unauthorized individual may have obtained access to a City employee's email account between March 19, 2019 and April 22, 2019. 2. Placing a Fraud Alert on Your Credit File.

Whether or not you choose to use the complimentary 12 month credit monitoring services, we recommend that you place an initial one-year "Fraud Alert" on your credit files, at no charge. A fraud alert tells creditors to contact you personally before they open any new accounts. To place a fraud alert, call any one of the three major credit bureaus at the numbers listed below. As soon as one credit bureau confirms your fraud alert, they will notify the others.

Equifax
P.O. Box 105069
Atlanta, GA 30348
www.equifax.com
1-800-525-6285

Experian
P.O. Box 2002
Allen, TX 75013
www.experian.com
1-888-397-3742

TransUnion LLC
P.O. Box 2000
Chester, PA 19016
www.transunion.com
1-800-680-7289

3. Consider Placing a Security Freeze on Your Credit File.

If you are very concerned about becoming a victim of fraud or identity theft, you may request a "Security Freeze" be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by contacting all three nationwide credit reporting companies at the numbers below and following the stated directions or by sending a request in writing, by mail, to all three credit reporting companies:

Equifax Security Freeze
P.O. Box 105788
Atlanta, GA 30348
<https://www.freeze.equifax.com>
1-800-349-9960

Experian Security Freeze
P.O. Box 9554
Allen, TX 75013
<http://experian.com/freeze>
1-888-397-3742

TransUnion Security Freeze
P.O. Box 2000
Chester, PA 19016
<http://www.transunion.com/securityfreeze>
1-888-909-8872

In order to place the security freeze, you'll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name or to commit fraud or other crimes against you, you may file a police report in the City in which you currently reside.

If you do place a security freeze *prior* to enrolling in the credit monitoring service as described above, you will need to remove the freeze in order to sign up for the credit monitoring service. After you sign up for the credit monitoring service, you may refreeze your credit file.

4. Obtaining a Free Credit Report.

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call **1-877-322-8228** or request your free credit reports online at **www.annualcreditreport.com**. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

5. Additional Helpful Resources.

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at www.ftc.gov/idtheft, by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC's Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.
