Joseph Foster
Office of the Attorney General
33 Capital St.
Concord, NH 03301

Dear Attorney General Foster:

At the end of November, we learned that CommonBond was the target of an external cyber-attack. Specifically, one of our employees was the target of a phishing email. This may have resulted in an inadvertent disclosure of some of our customers' personal information, including first and last names, email addresses, telephone numbers, home addresses, bank account information, dates of birth, and/or Social Security numbers.

Once the attack was discovered, CommonBond immediately hired a leading cybersecurity and digital forensics firm to conduct a thorough review our entire system, and they were able to determine the exact number of potentially affected customers. We are also working with law enforcement to ensure the incident is properly addressed.

While there is no evidence that personal information was used, accessed, or disclosed, we are sending notice letters to all customers who may have been affected by this. Attached hereto is a copy of the notice letter being sent to the 25 New Hampshire residents who may have been affected. As shown in the notice letter, we are setting up a 1-800 number for our customers to call and receive any information or updates concerning this matter. We are offering complimentary credit monitoring services to our customers as well.

If you have any questions or need further information regarding this incident, please feel free to contact me at [\(917\) 923-7571](tel:9179237571).

Sincerely,

A handwritten signature in black ink, appearing to read "Abe Kahan".

December 29, 2016

Dear John Sample,

We are writing to notify you about an incident that may have involved some of your personal information. We have no reason to believe the information was used, accessed, or disclosed for any purpose. However, in an abundance of caution, we are notifying you about this incident so that you can take any appropriate actions that you feel are necessary.

WHAT HAPPENED? A review of access logs of our email server uncovered that unauthorized IP addresses attempted to gain access to the account of one of our employees in late November. Our investigation revealed that such an attempt means an unauthorized party could have accessed personal information through that account.

WHAT INFORMATION WAS INVOLVED? The information that may have been involved includes first and last names, email addresses, telephone numbers, home addresses, bank account information, dates of birth, and/or Social Security numbers.

WHAT WE ARE DOING. Once we became aware of the incident, we immediately launched a comprehensive investigation to determine the nature and scope of the incident, to identify which of our customers were potentially affected, and to ensure the security and integrity of any personal information.

WHAT YOU CAN DO. While we have no evidence that your information was accessed or misused, we want to make you aware of steps you may take to guard against identity theft or fraud.

As an added precaution, we are offering you credit monitoring and identity protection services, through AllClear ID, for 12 months at no cost to you. The identity protection services start on the date of this notice and you can use them at any time during the next 12 months.

The two options available to you are:

You may obtain a free copy of your credit report online at www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by mailing an Annual Credit Report Request Form (available at www.annualcreditreport.com) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281. You may also purchase a copy of your credit report by contacting one or more of the three national credit reporting agencies listed below.

Experian: P.O. Box 9532, Allen, TX 75013, 1-888-397-3742, www.experian.com
TransUnion: P.O. Box 1000, Chester, PA 19022, 1-800-888-4213, www.transunion.com

When you receive your credit reports, review them carefully. Look for accounts or creditor inquiries that you did not initiate or do not recognize. Look for information, such as home address and Social Security number, that is not accurate. If you see anything you do not understand, call the credit reporting agency at the telephone number on the report.

We recommend you remain vigilant with respect to reviewing your account statements and credit reports, and promptly report any suspicious activity or suspected identity theft to us and to the proper law enforcement authorities, including local law enforcement, your state's attorney general and/or the Federal Trade Commission ("FTC"). You may contact the FTC or your state's regulatory authority to obtain additional information about avoiding identity theft.

We recommend that you regularly review the explanation of benefits statement that you receive from your insurer. If you see any service that you believe you did not receive, please contact your insurer at the number on the statement. If you do not receive regular explanation of benefits statements, contact your provider and request them to send such statements following the provision of services in your name or number.

You may want to order copies of your credit reports and check for any medical bills that you do not recognize. If you find anything suspicious, call the credit reporting agency at the phone number on the report. Keep a copy of this notice for your records in case of future problems with your medical records. You may also want to request a copy of your medical records from your provider, to serve as a baseline. If you are a California resident, we suggest that you visit the web site of the California Office of Privacy Protection at www.privacy.ca.gov to find more information about your medical privacy.

Fraud Alerts: There are also two types of fraud alerts that you can place on your credit report to put your creditors on notice that you may be a victim of fraud: an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for at least 90 days. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. You can place a fraud alert on your credit report by calling the toll-free fraud number of any of the three national credit reporting agencies listed below.

Equifax: 1-888-766-0008, www.equifax.com
Experian: 1-888-397-3742, www.experian.com
TransUnion: 1-800-680-7289, fraud.transunion.com

Credit Freezes (for Non-Massachusetts Residents): You may have the right to put a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. In addition, you may incur fees to place, lift and/or remove a credit freeze. Credit freeze laws vary from state to state. The cost of placing, temporarily lifting, and removing a credit freeze also varies by state, generally \$5 to \$20 per action at each credit reporting company. *Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company.* Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:

Equifax: P.O. Box 105788, Atlanta, GA 30348, www.equifax.com
Experian: P.O. Box 9554, Allen, TX 75013, www.experian.com
TransUnion LLC: P.O. Box 2000, Chester, PA, 19022-2000, freeze.transunion.com

You can obtain more information about fraud alerts and credit freezes by contacting the FTC or one of the national credit reporting agencies listed above.

Credit Freezes (for Massachusetts Residents): Massachusetts law gives you the right to place a security freeze on your consumer reports. A security freeze is designed to prevent credit, loans and services from being approved in your name without your consent. Using a security freeze, however, may delay your ability to obtain credit. You may request that a freeze be placed on your credit report by sending a request to a credit reporting agency by certified mail, overnight mail or regular stamped mail to the address below:

Equifax: P.O. Box 105788, Atlanta, GA 30348, www.equifax.com
Experian: P.O. Box 9554, Allen, TX 75013, www.experian.com
TransUnion LLC: P.O. Box 2000, Chester, PA, 19022-2000, freeze.transunion.com

Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. The following information should be included when requesting a security freeze (documentation for you and your spouse must be submitted when freezing a spouse's credit report): full name, with middle initial and any suffixes; Social Security number; date of birth (month, day and year); current address and previous addresses for the past five (5) years; and applicable fee (if any) or incident report or complaint with a law enforcement agency or the Department of Motor Vehicles. The request should also include a copy of a government-issued identification card, such as a driver's license, state or military ID card, and a copy of a utility bill, bank or insurance statement. Each copy should be legible, display your name and current mailing address, and the date of issue (statement dates must be recent). The credit reporting company may charge a reasonable fee of up to \$5 to place a freeze or lift or remove a freeze, unless you are a victim of identity theft or the spouse of a victim of identity theft, and have submitted a valid police report relating to the identity theft to the credit reporting company.
