Office of the Attorney General

Concord, NH 03301

Dear Attorney General Foster:

On behalf of the American Association for the Advancement of Science ("AAAS"), I am writing to inform you that one of our vendors, Comnet Marketing Group, Inc. ("Comnet"), recently experienced a data security incident that may have involved the personal information of eight (8) of our members in New Hampshire.

Comnet assisted AAAS with membership renewal outreach. For members who decided to renew, Comnet would collect the member's name, address, phone number, and payment card information. On June 23, 2016, Comnet informed us that an unauthorized individual gained access to their system on April 24, 2016 and deleted the information that Comnet had collected from AAAS members between April 18, 2015 and January 29, 2016. Comnet has further informed us that their investigation has not revealed any evidence that the personal information of these individuals was accessed or acquired by this person; however, Comnet cannot rule out that possibility. AAAS has terminated its relationship with Comnet to prevent a reoccurrence of this type of incident.

Although we cannot determine with certainty that the personal information of any New Hampshire resident was accessed or acquired by an unauthorized individual, out of an abundance of caution, we have elected to notify New Hampshire residents who could have been affected by this incident. We are mailing this notification to affected New Hampshire residents on July 8, 2016. A sample copy of the notification letter is enclosed. As an added precaution, we are offering affected individuals the option to obtain independent credit monitoring services for 12 months at no cost to the individual.

If you have any questions, please contact me by phone at 202-326-6691 or by email at [cstruss@aaas.org](mailto:cstruss@aaas.org).

Sincerely,

Colleen Struss  
Chief Financial Officer/Chief Legal Officer
