Dear Sir or Madam:

McDonald Hopkins PLC represents EMC National Life Company (“The Life Company”). I am writing to provide notification of an incident at The Life Company that may affect the security of personal information of approximately 147 New Hampshire residents. The Life Company’s investigation is ongoing, and this notification will be supplemented with any new or significant facts or findings subsequent to this submission, if any. By providing this notice, The Life Company does not waive any rights or defenses regarding the applicability of New Hampshire law or personal jurisdiction.

The Life Company recently detected potential unauthorized access to its network. Upon identification of the incident, The Life Company immediately took steps to contain the threat and launched an investigation with the support of third-party cybersecurity experts. The Life Company also coordinated with law enforcement. This incident was limited to The Life Company and did not impact EMC Insurance Companies or its affiliates. The Life Company has taken steps, in coordination with third-party cybersecurity experts, to secure and ensure the safekeeping of the personal information to the best of its ability. After an extensive forensic investigation and manual document review, The Life Company discovered on March 9, 2022 that certain accessed files containing identifiable personal information were acquired from the network between December 28, 2021 and December 30, 2021. The information included the affected residents’ full names and one (1) or more of the following: Social Security numbers, taxpayer identification numbers (which may be identical to Social Security numbers), driver’s license numbers/state identification numbers, financial account information, and/or payment card information.

The Life Company has no reason to believe any personal information will be misused as a result of this incident. Nevertheless, out of an abundance of caution, The Life Company wanted to inform you (and the affected residents) of the incident and to explain the steps that it is taking to help safeguard the affected residents against identity fraud. The Life Company is providing the affected residents with written notification of this incident commencing on or about April 8, 2022

Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

3. Consider Placing a Security Freeze on Your Credit File.

If you are very concerned about becoming a victim of fraud or identity theft, you may request a "Security Freeze" be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by contacting all three nationwide credit reporting companies at the numbers below and following the stated directions or by sending a request in writing, by mail, to all three credit reporting companies:

Equifax Security Freeze

P.O. Box 105788
Atlanta, GA 30348

<https://www.equifax.com/personal/credit-report-services/credit-freeze/>
1-800-349-9960

Experian Security Freeze

P.O. Box 9554
Allen, TX 75013

<http://experian.com/freeze>
1-888-397-3742

TransUnion Security Freeze

P.O. Box 2000
Chester, PA 19016

<https://www.transunion.com/credit-freeze>
1-888-909-8872

In order to place the security freeze, you'll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name or to commit fraud or other crimes against you, you may file a police report in the City in which you currently reside.

If you do place a security freeze *prior* to enrolling in the credit monitoring service as described above, you will need to remove the freeze in order to sign up for the credit monitoring service. After you sign up for the credit monitoring service, you may refreeze your credit file.

4. Obtaining a Free Credit Report.

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call **1-877-322-8228** or request your free credit reports online at **www.annualcreditreport.com**. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

5. Additional Helpful Resources.

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at www.ftc.gov/idtheft, by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC's Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.

If this notice letter states that your financial account number and/or payment card number were impacted, we recommend that you contact your financial institution to inquire about steps to take to protect your account, including whether you should close your account or obtain a new account number.
