Re: Notice of Data Event

Dear Sir or Madam:

We represent Eversana Life Sciences Services LLC (“EVERSANA”) located at 190 N. Milwaukee Street, Milwaukee, WI 53202, and are writing to notify your office of an incident that may affect the security of some personal information relating to approximately four (4) New Hampshire residents. The investigation into this matter is ongoing, and this notice will be supplemented with any new significant facts learned subsequent to its submission. By providing this notice, EVERSANA does not waive any rights or defenses regarding the applicability of New Hampshire law, the applicability of the New Hampshire data event notification statute, or personal jurisdiction.

Nature of the Data Event

EVERSANA has been working with third-party cybersecurity specialists to investigate unusual activity relating to EVERSANA’s email environment. The investigation confirmed that certain email accounts were subject to unauthorized access by an unknown party on separate occasions between April 1 and July 3, 2019. EVERSANA commenced a comprehensive and time-consuming review of the full contents of all impacted email accounts to determine what sensitive personal information, if any, may have been present and accessible to the unauthorized actor. EVERSANA received the results of the account review on February 6, 2020.

Eversana compared the results of the account review with its files to confirm the identities and addresses of individuals potentially affected by the incident. While the internal analysis is ongoing, EVERSANA’s initial review of the potentially impacted data confirmed that personal information, relating to EVERSANA employees, and certain family members of EVERSANA employees may have been accessible to the unknown actor as a result of this event. The types of personal information relating to New Hampshire residents that could have been subject to unauthorized access include name, address, and Social Security number.
