Re: Notice of Data Incident

Dear <<Name 1>>:

We write to make you aware of a recent incident involving a third-party vendor that we believe affected certain parts of your personal information.

What Happened? We work with our customers to help manage physical access of individuals to their locations. In that connection, we obtained certain personal information about you. We and our customers used a third-party vendor's product to exchange and process personal information. In early February, the vendor publicly announced that it had been the victim of a sophisticated cyberattack in late December 2020 and in January 2021. We launched an internal investigation and engaged the help of third-party forensic experts. The investigation identified some files on the product we used that apparently were downloaded by the attacker. One or more such files contained certain parts of your personal information.

What Information Was Involved? Our investigation indicated that your name, as well as your <<Variable Data>> were contained in the file(s). We have no evidence of actual or attempted misuse of your personal information. However, we are informing you of this incident in an abundance of caution.

What We Are Doing. We take the security of personal information very seriously. After learning of the third-party vendor's incident, we permanently stopped using their product and took it offline. We are notifying you so that you may take further steps to protect your information, should you feel it appropriate to do so. We also are providing you with access to 24 months of credit monitoring and identity protection services through Epiq Systems, Inc. at no charge to you.

What You Can Do. Please review the enclosed "*Steps You Can Take to Help Protect Your Information*" for further details, which describes the credit monitoring and identity protection services we are offering and how to activate them. We also encourage you to remain vigilant against the potential for identity theft and fraud and to monitor your credit reports for any potential suspicious activity.

For More Information. If you have additional questions, please call our dedicated assistance line at 855-654-0923 (toll free), Monday – Friday, 9:00 a.m. to 9:00 p.m. Eastern Time, (excluding U.S. national holidays).

We sincerely regret any inconvenience this incident may cause you. Protecting your information is very important to us, as we know it is to you.

Sincerely,

James Robell

STEPS YOU CAN TAKE TO HELP PROTECT YOUR INFORMATION

Enroll in Complimentary Identity Monitoring Services

We are providing you with access to 24 months of credit monitoring and identity protection services through Epiq Systems, Inc. at no charge to you. You may enroll using the instructions listed on the attached Equifax Complete Premier document.

Monitor Your Accounts

We encourage you to remain vigilant against any potential incidents of identity theft and fraud and to monitor your credit reports for suspicious activity. Under U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit bureaus listed below to request a free copy of your credit report. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

You have the right to place a “security freeze” on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

Allen, TX 75013

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security Number;
3. Date of birth;
4. If you have moved in the past five years, provide the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, military identification, etc.); and
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended “fraud alert” on your file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:

¹The credit scores provided are based on the VantageScore® 3.0 model. For three-bureau VantageScore credit scores, data from Equifax®, Experian®, and TransUnion® are used respectively. Any one-bureau VantageScore uses Equifax data. Third parties use many different types of credit scores and are likely to use a different type of credit score to assess your creditworthiness. ²Credit monitoring from Experian and TransUnion will take several days to begin. ³WebScan searches for your Social Security Number, up to 5 passport numbers, up to 6 bank account numbers, up to 6 credit/debit card numbers, up to 6 email addresses, and up to 10 medical ID numbers. WebScan searches thousands of Internet sites where consumers’ personal information is suspected of being bought and sold, and regularly adds new sites to the list of those it searches. However, the Internet addresses of these suspected Internet trading sites are not published and frequently change, so there is no guarantee that we are able to locate and search every possible Internet site where consumers’ personal information is at risk of being traded. ⁴The Automatic Fraud Alert feature is made available to consumers by Equifax Information Services LLC and fulfilled on its behalf by Equifax Consumer Services LLC. ⁵Locking your Equifax credit report will prevent access to it by certain third parties. Locking your Equifax credit report will not prevent access to your credit report at any other credit reporting agency. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer’s identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit www.optoutprescreen.com. ⁶The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.
