Dear Attorney General John Formella:

We represent Foster LLP (“Foster”) with respect to a data security incident involving the potential exposure of certain personally identifiable information described in more detail below. Foster is committed to answering any questions you may have about the data security incident, its response, and steps taken to prevent a similar incident in the future.

1. Nature of security incident.

Foster became aware of suspicious activity associated with a corporate email account and began an internal investigation. Foster also hired independent cybersecurity specialists who determined that an unauthorized user had gained access to a single user’s email account for a two-day period between February 3, 2021 through February 5, 2021.

Foster worked with cybersecurity specialists to conduct a comprehensive review of the email items stored in the email account to determine whether personal information may have been present. From this review, it appears the information in the account may have included individual’s names, in combination with one or more of the following data elements: physical addresses, Social Security Numbers, driver’s license or state identification numbers, passport numbers, financial account or credit card information, and biometric data. Once Foster obtained a list of information present in the account, significant efforts were expended to remove duplicates and assign mailing addresses to obtain an accurate list for notification purposes. This process was completed on September 2, 2021.

2. Number of residents affected.

Two (2) New Hampshire residents may have been affected and were notified of the incident. A notification letter was sent to the potentially affected individual on September 30, 2021 via regular mail (a copy of the form notification letter is enclosed).

3. Steps taken relating to the incident.

Foster changed the password associated with the impacted email account and implemented additional security and access controls across its systems. Additionally, although there is no evidence of any misuse or fraudulent activity related to this incident, the potentially affected individuals were 12 months of credit monitoring and identity protection services through IDX.

4. Contact information.

Foster takes the security of the information in its control seriously and is committed to ensuring the information in its control is appropriately protected. If you have any questions or need additional information, please do not hesitate to contact me at mventrone@clarkhill.com or (312) 360-2506.

Very truly yours,

CLARK HILL

Notice of Data Security Incident

Dear <<First Name>> <<Last Name>>,

We are writing to inform you of a data security incident experienced by Foster LLP that may have impacted your personal information, including your name, <<data element 1>>, and other information described below. We take the privacy and security of your information seriously, and sincerely apologize for any concern or inconvenience this may cause you. This letter contains information about steps you can take to protect your information, and resources we are making available to help you.

What happened?

Foster LLP has become aware of suspicious activity associated with one of its corporate email accounts. We immediately began an investigation and hired independent computer forensic investigators to assist. The forensic investigators determined that an unauthorized user had gained access to a single user's email account for a two-day period between February 3, 2021 through February 5, 2021. Although we are not aware of any misuse of the information in the account, out of an abundance of caution we had our forensic investigator conduct a comprehensive review of the contents of the email account to identify any personal information in the account at the time of the compromise.

What information was involved?

From our review, it appears the email account may have contained your <<data element 2>>.

What we are doing

We want to assure you that we are taking steps to reduce the likelihood of this kind of event from happening in the future. Since the incident, the affected user's password has been changed and additional security and access controls have been implemented across our systems.

Although we are not aware of any misuse of your information, Foster LLP values you and the security of your personal information. As a safeguard, we have arranged for you to receive IDX identity protection services at no cost.

What you can do?

We encourage you to enroll in the services offered through IDX. IDX identity protection services include: <<12/24 months>> of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed id theft recovery services. With this protection, IDX will help you resolve issues if your identity is compromised.

How to Enroll: You can sign up online or via telephone.

We encourage you to contact IDX with any questions and to enroll in the free services by calling 1-800-939-4170 or going to <https://app.idx.us/account-creation/protect> and using the Enrollment Code provided above. IDX representatives are available Monday through Friday from 8 am - 8 pm Central Time. Please note the deadline to enroll is December 30, 2021.

For More Information:

You will find detailed instructions for enrollment on the enclosed Recommended Steps document. Also, you will need to reference the Enrollment Code at the top of this letter when calling or enrolling online, so please do not discard this letter. Please call 1-800-939-4170 Monday through Friday from 8 am - 8 pm Central Time for any additional questions you may have or go to <https://app.idx.us/account-creation/protect> to enroll.

Your trust is a top priority for us, and we deeply regret any inconvenience or concern that this matter may cause you.

Sincerely,

A handwritten signature in black ink that reads "Charles C. Foster". The signature is written in a cursive style with a large initial "C" and "F".

Recommended Steps to help Protect your Information

1. Website and Enrollment. Go to <https://app.idx.us/account-creation/protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.

2. Activate the credit monitoring provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.

3. Telephone. Contact IDX at 1-800-939-4170 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

4. Review your credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

7. You can obtain additional information about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.

California Residents: Visit the California Office of Privacy Protection (www.oag.ca.gov/privacy) for additional information on protection against identity theft.

Kentucky Residents: Office of the Attorney General of Kentucky, 700 Capitol Avenue, Suite 118 Frankfort, Kentucky 40601, www.ag.ky.gov, Telephone: 1-502-696-5300.
