June 14, 2021

Attorney General John Formella
State of New Hampshire
via email: attorneygeneral@doj.nh.gov

Dear Mr. Formella,

In accordance with New Hampshire law, we are writing to inform you of a data breach incident that recently occurred.

On June 3, 2021, a former employee, ███████████ emailed a medicare-related form from her personal email account, which included her ███████████ on it and possibly certain other of her personal information, to FUJIFILM Dimatix, Inc. (FDMX) and requested FDMX to complete a section relating to employment and benefits. FDMX completed the form and sent it back to ████████ personal email account. Shortly thereafter, ████████ advised FDMX that she never received the completed form. FDMX also received several suspicious emails from an email address similar to hers, which we suspect were not sent by ████████ We believe ████████ personal email account may have been compromised and, because the completed form included at least her ████████████ we are notifying you of this incident.

We recommended to ████████ that she file a police report with her local law enforcement authorities. We also recommended that she take immediate steps to secure her personal information and financial accounts, continue to review her credit reports, account statements and account activity carefully to help ensure their security. We also provided ████████ contact information for the three major consumer reporting agencies to obtain information about placing a fraud alert of security freeze on her credit file, and contact information for the Federal Trade Commission. We did not provide free credit monitoring to ████████ as a result of this incident.

Fujifilm takes information protection seriously. If you have any questions please feel free to call Karen Hebert, FDMX Vice President, Human Resources at 603-443-5363.

Sincerely,

Judy A. Melillo
