Re: Notification of Security Breach

To whom it may concern:

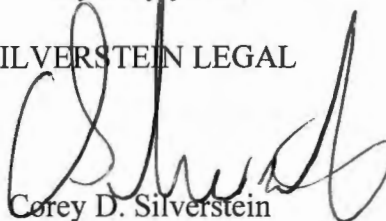

We are writing on behalf of Gatsby Enterprises, Inc. to inform you of a security incident involving an accidental disclosure of 1099-MISC forms for Gatsby independent contractors, including two from New Hampshire. Specifically, on December 13, 2019, an accounting employee inadvertently emailed a .zip file containing 1099-MISC forms for all independent contractors for the 2017 tax year to an independent contractor who requested a copy of her 1099-MISC form for the 2017 tax year. The 1099-MISC forms disclosed the name, address, and last four digits of the social security number for those independent contractors. The individual who received the .zip file notified Gatsby of the error and has deleted the file from her email account and computer system.

Please find enclosed a copy of the notification that will be sent to the two residents of New Hampshire on January 13, 2020.

Please contact me with any questions or concerns regarding this incident.

Very truly yours,
