

November 23, 2009

The Honorable Michael A. Delaney
33 Capitol Street
Concord, NH 03301
Fax: (603) 271-2110

Dear Mr. Attorney General,

We are writing to inform you about a security incident in our Shelton, Connecticut offices that may impact the personal information of residents of your state or jurisdiction. The incident involves a lost portable computer disk drive that contains image files that contain personal information such as Social Security numbers (SSNs), names, addresses, phone numbers and possibly protected health information and financial information for some Health Net members. Although the information was not encrypted as required by Health Net policy, the files were saved in an image only format that cannot be easily viewed. Therefore, we believe that the risk of harm to our members is relatively low. However, we will be offering credit protection for all impacted individuals.

Because the files saved on this portable computer disk drive were images (i.e. scans of paper documents) and not raw data, we had to conduct an extensive forensic investigation to determine what information was contained on the disk drive and who might be affected. That work is still not fully complete, but our current estimate is that the personal information of approximately 504 individuals in your state was contained on the disk. We will update you if a significant number of additional residents in your state or jurisdiction are identified.

We take very seriously our responsibility to protect the privacy of all our members. While we have no indication at this time that any of the personal information has been accessed or misused, we are tightening security measures to provide greater protection for the information we maintain in order to minimize future risks.

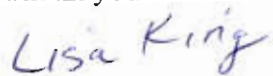

In order to protect any affected members we have hired Debix, Inc. to offer credit protection services for two years to all impacted individuals, and to manage a dedicated call center to quickly address any questions or concerns of those affected. The identity protection services also include \$1,000,000 of identity theft insurance coverage and enrollment in Debix Fraud Resolution Services for two years, if needed, to assist individuals in restoring their credit file. Additionally, if any impacted individuals experienced identity theft between May 14, 2009 and the date of the notification letter,

Health Net has arranged for Debix Fraud Resolution Services to restore their identity at no cost to them.

The affected individuals residing in your state or jurisdiction will be sent the attached written notification beginning the week of November 30. We have also posted a statement on our website to ensure that all potentially affected members receive notice. We will also be notifying the three major credit reporting agencies and have already notified the Centers for Medicare & Medicaid Services (CMS). If you have any questions regarding this incident, please contact me at

--

Thank you

A handwritten signature in blue ink that reads "Lisa King". The signature is written in a cursive style and is positioned below the "Thank you" text.

Corporate Compliance Department

Should you choose not to enroll for the free Debix Identity Protection service, you should continue to check your credit report periodically to ensure fraudulent activity has not occurred. Even if you do not find any signs of fraud on your reports, we recommend that you remain vigilant and check your credit report every three months for the next year.

You may also want to contact the three credit bureaus included in the "State Specific Notification Requirements" attachment to discuss placing a fraud alert on your credit report. The credit bureaus are Equifax, Experian and TransUnion. Additionally, Health Net has arranged for you to be reimbursed for any fees associated with applying or thawing a credit freeze for a two year period. To learn more, please contact Debix at (877) 263-8001.

We also recommend that you regularly review the explanation of benefit statements you receive from Health Net as claims are submitted. If you see any service that you believe you did not receive, please contact Health Net at the number on the statement. You may want to order copies of your credit reports and check for any medical bills that you do not recognize. If you find anything suspicious, call the credit reporting agency at the phone number on the report. You can order your one free credit report per year by calling (877) 322-8228 or visit www.annualcreditreport.com.

Health Net is diligent about ensuring the safety of our members' information. We are vigorously monitoring this matter to ensure the ongoing security of your private information and have implemented additional information security procedures. We sincerely regret any inconvenience or concern this event may cause you. In the meantime, we urge you to take advantage of the services available to you.

If you are interested in receiving identity protection services under the Debix Identity Protection Network, you must enroll in this service within 120 days from the date of this letter and the service will be valid for two years from your enrollment date. If you have any questions or feel that you have an identity theft issue, please contact our representatives at (877) 263-8001 between 9:00 a.m. and 5:00 p.m., CST, Monday through Saturday. You may also find answers to your questions online at www.debix.com/healthnet.

Sincerely,
