Re: Notice of Breach in the Security of Personal Information

To Whom It May Concern:

This office represents Hill Country Memorial Hospital ("Hill Country"), a Texas-based hospital. This letter is being provided pursuant to N.H. Rev. Stat. § 359-C:20, which requires that your office be notified in the event of a breach in the security of personal information affecting residents of the state of New Hampshire.

Hill Country has recently learned that, on February 21, 2017, the email account of an employee in its emergency room department was accessed by an unauthorized individual not affiliated with Hill Country. Hill Country believes that the unauthorized person(s) may have accessed emails containing personally identifiable information including name, address, date of birth, social security number, patient identification number, diagnosis, prescription information, procedure information, and/or time and date of treatment. Hill Country's investigation to date suggests that the individual used his access to the email account only for the purpose of submitting fraudulent invoices to Hill Country's accounts payable department for payment. However, Hill Country cannot confirm which, if any, emails in the account the individual accessed and whether there was any resulting acquisition, access, use, or disclosure of personal information, but it is possible. Therefore, out of an abundance of caution, Hill Country has notified all potentially affected individuals about this issue. This incident affected 8,449 individuals, but only 2 residents of New Hampshire.

Written notice was mailed to the affected individuals on April 21, 2017. A sample copy of the notice has been enclosed for your records. As an added precaution, Hill Country is offering all affected individuals 12 months of Credit Watch™ Gold identity theft protection from Equifax®. This product will provide enrolled individuals with a notification of any changes to their credit information, up to \$25,000 Identity Theft Insurance Coverage, and access to their

credit report. The notice to the affected individuals includes instructions on the use of this product.

Hill Country takes the protection of personal information seriously and is taking steps to continue investigating this incident, help mitigate the potential for harm, and prevent this from happening again. In that regard, it has secured the affected email account, has changed all passwords used to log in to its computers, and is evaluating additional measures to further strengthen its data security. Hill Country also has reported the incident to law enforcement and will cooperate with any investigation.

I believe this provides you with all information necessary for your purposes and to comply with New Hampshire law. However, if you have any questions or need further information, please contact me.

Very truly yours,

FREEMAN MATHIS & GARY, LLP

<<Date>>

Dear <<Name1>>:

Thank you for allowing Hill Country Memorial Hospital (“Hill Country”) to serve your healthcare needs. We take patient privacy seriously, and as part of that commitment, we are sending you this letter to make you aware of an issue that affects your personal information. Please read this letter carefully.

Hill Country has recently learned that, on February 21, 2017, the email account of an employee in our emergency room department was accessed by an unauthorized individual not affiliated with Hill Country. Our investigation to date suggests that the individual used his access to the email account only for the purpose of submitting fraudulent invoices to our accounts payable department for payment. However, we cannot confirm which, if any, emails in the account the individual accessed and whether there was any resulting acquisition, access, use, or disclosure of your personal information, but it is possible. Therefore, out of an abundance of caution, we are notifying all potentially affected individuals about this issue. In that regard, it is possible that the individual may have had access to email(s) containing your following information:

<<Patient ID>>
<<Patient Name>>
<<Prescription>>
<<Treatment>>
<<Diagnosis>>
<<Procedure>>
<<DOB>>
<<SSN>>
<<Name>>
<<Address>>

Hill Country takes the protection of your personal information seriously and is taking steps to continue investigating this incident, help mitigate the potential for harm, and prevent this from happening again. In that regard, we have secured the affected email account, have changed all passwords used to log in to our computers, and are evaluating additional measures to further strengthen our data security. We also have reported the incident to law enforcement and will cooperate with any investigation.

As an additional precautionary measure to safeguard your information from potential misuse, we have partnered with Equifax® to provide its Credit Watch™ Gold identity theft protection product for one year at no charge to you. A description of this product is provided in the attached material, which also contains instructions about how to enroll (including your personal activation code). If you choose to take advantage of this product, it will provide you with a notification of any changes to your credit information, up to \$25,000 Identity Theft Insurance Coverage, and access to your credit report. You must complete the enrollment process by July 31, 2017. We urge you to consider enrolling in this product, at our expense, and reviewing the additional resources enclosed with this letter.

You also may obtain a free copy of your credit report once a year online at www.annualcreditreport.com or by calling (877) 322-8228. Once you receive your report, you should review it carefully for any discrepancies or any inaccurate or suspicious items, identify any accounts you did not open or inquiries you did not authorize, and immediately report any incorrect information to the credit reporting company. Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission recommends that you check them periodically. For more information on how to protect yourself, please visit the FTC's consumer website at www.consumer.ftc.gov/topics/privacy-identity.

In addition, you can place a fraud alert or security freeze on your credit file by contacting one or more of the three national credit reporting agencies listed below. A fraud alert tells lenders to contact you before they open any new accounts or change your existing accounts, while placing a security freeze will prevent lenders from accessing your credit report in connection with new credit application, which will prevent them from opening an accounting or extending credit.

We are very sorry for any concern or inconvenience this incident has caused or may cause you, and we encourage you to take advantage of the Equifax® services being offered. If you have any other questions or concerns that you would like to discuss, please call our dedicated, toll-free incident response hotline at 888-750-9297.

Sincerely,

Jayne Pope, CEO

Additional Notification Information

For residents of California, Hawaii, Illinois, Iowa, Kentucky, Maryland, Michigan, Missouri, North Carolina, Oregon, Vermont, Virginia, Washington, West Virginia, and Wyoming:

It is recommended by state law that you remain vigilant for incidents of fraud and identity theft by reviewing credit card account statements and monitoring your credit report for unauthorized activity. You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account by contacting any one or more of the national consumer reporting agencies listed below. They can also provide you with information about fraud alerts and security freezes.

Equifax
P.O. Box 740241
Atlanta, GA 30348
(800) 685-1111
www.equifax.com

Experian
P.O. Box 9532
Allen, TX 75013
(888) 397-3742

TransUnion
P.O. Box 1000
Chester, PA 19022
(800) 888-4213
www.transunion.com

For residents of Iowa:

State law advises you to report any suspected identity theft to law enforcement or to the Attorney General.

For residents of Oregon:

State law advises you to report any suspected identity theft to law enforcement, including the Attorney General and the Federal Trade Commission.

For residents of Illinois, Maryland, Michigan, and North Carolina:

State laws require us to tell you that you can obtain information from the Federal Trade Commission about steps you can take to avoid identity theft (including how to place a fraud alert or security freeze). If you are a Maryland, Michigan, or North Carolina resident, you may also be able to obtain this information from your state's Attorney General.

For residents of Connecticut, Massachusetts, West Virginia:

State laws require us to inform you of your right to obtain a police report if you are a victim of identity theft. You also have the right to place a security freeze on your credit report. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization; however, using a security freeze may delay your ability to obtain credit.

To place a security freeze on your credit report, send a request to a consumer reporting agency by certified mail, overnight mail, or regular stamped mail. The following information must be included when requesting a security freeze: (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; (5) Proof of current address, such as a current utility or telephone bill, (6) a legible photocopy of a government issued identification, and (7) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles.

The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. The consumer reporting agency may charge a fee of up to \$10.00 to place a freeze or lift or remove a freeze, unless you are a victim of identity theft or the spouse of a victim of identity theft, and you have submitted a valid police report relating to the identity theft incident to the consumer reporting agency.
