*Re: Incident Notification*

Dear Attorney General MacDonald:

We are writing on behalf of our client, Indiana University Health Foundation (the "Foundation"), to notify you of a data security incident that occurred at one of its vendors, Blackbaud, Inc. ("Blackbaud").

Blackbaud is a vendor that provides the Foundation with cloud-based and data solution services related to its fundraising activities. The Foundation was notified by Blackbaud that it experienced unauthorized access to its systems between February 7, 2020 and May 20, 2020 where certain information may have been acquired by an unauthorized individual. According to Blackbaud, it worked with law enforcement and forensic experts to expel the attackers from their system, paid a ransom demand and received confirmation that a copy of the data removed from Blackbaud's self-hosted environment was permanently destroyed. Upon learning of this incident, the Foundation immediately initiated an investigation.

On September 4, 2020, the Foundation concluded the investigation and determined that the data involved in the incident included information belonging to one (1) New Hampshire resident, including the individual's name, address, and Social Security number. No credit card or bank account information was involved in the incident.

On September 25, 2020, the Foundation mailed notification letters to the New Hampshire resident in accordance with N.H. Rev. Stat. Ann. § 359-C:20<sup>1</sup> and offered the individual twelve months of complimentary credit monitoring and identity protection services. A copy of the notification letter is enclosed.

---

<sup>1</sup> This report is not, and does not constitute, a waiver of Indiana University Health Foundation's objection that New Hampshire lacks personal jurisdiction over Indiana University Health Foundation regarding any claims related to this data security incident.

To help prevent this from happening again, the Foundation is evaluating the data stored with Blackbaud and its vendor relationships to ensure all information is stored safely and securely.

Please do not hesitate to contact me if you have any questions regarding this matter.

Sincerely,

Dear <<first\_name>> <<middle\_name>> <<last\_name>> <<suffix>>,

Indiana University Health Foundation is committed to safeguarding the confidentiality of your information. Regrettably, I am writing to notify you of an incident that may have resulted in the unauthorized disclosure of your name, address and Social Security number. The details of this incident and the steps that you can take to protect yourself are below.

The Foundation was recently notified that Blackbaud, Inc. (“Blackbaud”), a third-party service provider, experienced unauthorized access to its systems between February 7, 2020 and May 20, 2020 where certain information may have been acquired by an unauthorized individual. According to Blackbaud, it worked with law enforcement and forensic experts to expel the attackers from their system, paid a ransom demand, and received confirmation that a copy of the data removed from Blackbaud’s self-hosted environment was permanently destroyed.

Upon learning of this incident, we immediately initiated an investigation. On September 4, 2020, we concluded the investigation and determined that your first name, last name, address and Social Security number may have been included in the data involved in the incident. There was no credit card or bank account information involved. Based on the nature of the event, as well as the investigation conducted by Blackbaud (including law enforcement), we have no reason to believe that the cyber actor shared any data, that the data was or will be misused, or that it will be disseminated or otherwise made available publicly.

We have no indication that any of your information has been misused. However, in an abundance of caution, we are offering you a complimentary one-year membership of Experian’s® IdentityWorks<sup>SM</sup> Credit 3B. ### **Fraud Alerts and Credit or Security Freezes:**

***Fraud Alerts:*** There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

***Credit or Security Freezes:*** You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

***How do I place a freeze on my credit reports?*** There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, [www.experian.com](http://www.experian.com)
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, [www.transunion.com](http://www.transunion.com)
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, [www.equifax.com](http://www.equifax.com)

You'll need to supply your name, address, date of birth, Social Security number and other personal information.

After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

***How do I lift a freeze?*** A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.
