Re: Notice of Security Incident

Dear Attorney General MacDonald:

We are writing on behalf of our client, INTEGRIS Baptist Medical Center, Inc. ("INTEGRIS"), to provide notice of a security incident involving New Hampshire residents.¹ INTEGRIS is located in Oklahoma, and is a covered entity under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA").

On October 17, 2019, INTEGRIS learned that a portable hard drive containing patient information went missing during an on-campus office move. INTEGRIS immediately began an investigation and conducted a thorough search to locate the hard drive, but was unable to locate it. However, INTEGRIS was able to locate a backup copy of the hard drive. As part of the investigation, INTEGRIS conducted a comprehensive review of the entire contents of the backup hard drive. On August 29, 2020, INTEGRIS confirmed that the hard drive contained the names and Social Security numbers of 14 New Hampshire residents.

On September 4, 2020, INTEGRIS will begin mailing notification letters to the New Hampshire residents in substantially the same form as the enclosed letter via U.S. First-Class mail in accordance with HIPAA (45 CFR §§ 160.103 and 164.400 *et seq.*) and N.H. Rev. Stat. § 359-C:20(c). INTEGRIS is offering eligible individuals a complimentary, one-year membership to

¹ This notice does not waive INTEGRIS's objection that New Hampshire lacks personal jurisdiction over it regarding any claims related to this incident.

credit monitoring and identity theft prevention services. INTEGRIS has also established a dedicated call center where all individuals may obtain more information regarding the incident.

INTEGRIS has taken steps to help prevent a similar incident from occurring in the future, including securing or destroying similar hard drives, and has provided additional education to staff on its policies regarding portable hard drives and securing patient information.

Please do not hesitate to contact me if you have any questions regarding this matter.

Sincerely,

Dear <<Name 1>>:

INTEGRIS Portland Avenue, a campus of INTEGRIS Baptist Medical Center, Inc., is committed to protecting the confidentiality and security of our patients' information. Regrettably, we are addressing a security incident that may have involved some of your information. This notice explains the incident, measures we have taken, and some steps you can take in response.

On October 17, 2019, we learned that a portable hard drive containing patient information went missing during an on-campus office move that occurred shortly before that date. We immediately conducted a thorough search for the hard drive, but were unable to locate it. We were able to locate a backup copy of the hard drive, and as part of our investigation, we thoroughly analyzed the entire contents of the backup hard drive to determine the patient information contained on the missing hard drive.

Our investigation determined that some of your information was stored on the hard drive, and included your name, Social Security number, and limited clinical information regarding your care at what was formerly known as Deaconess Hospital.

We have no reason to believe that your information has been misused or viewed by an unauthorized person. However, in an abundance of caution, we are offering you a complimentary one-year membership of Experian's® IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on identification and resolution of identity theft. We deeply regret any concern or inconvenience this incident may cause you. To help prevent something like this from happening again, we have secured or destroyed similar hard drives and have provided additional education to our staff on our policies regarding portable hard drives and securing patient information. If you have any questions about this incident, please call at 1-833-991-1530, Monday through Friday, between 8:00 a.m. to 8:00 p.m., Central time.

Fraud Alerts and Credit or Security Freezes:

Fraud Alerts: There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

Credit or Security Freezes: You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

How do I place a freeze on my credit reports? There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, www.experian.com
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, www.transunion.com
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, www.equifax.com

You'll need to supply your name, address, date of birth, Social Security number and other personal information.

After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

How do I lift a freeze? A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.
