Re: Legal Notice of Data Security Incident

Dear Sir or Madam:

I am writing on behalf of my client, Keenan & Associates (“Keenan”), to notify your office of a ransomware incident that involved the personal information of 108 New Hampshire residents.

On Sunday, August 27, 2023, Keenan discovered certain disruptions occurring on some Keenan network servers. Keenan immediately began investigating the issue and discovered suspicious activity on a limited number of servers. As a precaution, Keenan disconnected the entire network to contain the suspicious activity. Keenan engaged leading third-party cybersecurity and forensic experts to assist in the investigation, and law enforcement has been notified.

Keenan’s investigation determined that an unauthorized party gained access to certain Keenan internal systems at various times between approximately August 21, 2023 and August 27, 2023, and that the unauthorized party obtained some data from certain Keenan systems during this period (“Affected Data”). Keenan was able to retrieve the data involved from the unauthorized party and Keenan has no reason to believe this data was further copied or retained by the unauthorized party.

A thorough review of the Affected Data was conducted to identify what personal information it contained and identify individuals to whom the information related. On December 9, 2023 Keenan completed its review of the data and identified personal information belonging both to Keenan’s current and former employees and their dependents, as well as individuals associated with Keenan’s clients. The personal information included

Keenan is not aware of any fraud or misuse of any personal information as a result of this incident. Keenan does not believe personal information was targeted by the unauthorized party for identity theft purposes, but rather, such information happened to be included in documents taken by the unauthorized party as part of a ransomware attack to extort the company.

On January 26, 2024 Keenan began notifying residents of New Hampshire whose personal information was identified in the Affected Data. A copy of the letter is attached. Keenan is offering of complimentary credit monitoring and fraud protection services to these individuals, regardless of data elements impacted. Keenan is also providing a toll-free hotline for the individuals to call with any questions regarding the incident. While Keenan's investigation is substantially complete, we are awaiting final approval from certain Keenan customers to provide

final notice. If any New Hampshire residents are impacted, we will supplement this notice. We are also providing substitute notice as well as media notice to pertinent publications.

Free Credit Report. We remind you to be vigilant for incidents of fraud or identity theft by reviewing your account statements and free credit reports for any unauthorized activity. If you identify any unauthorized charges on your financial account statements, you should immediately report any such charges to your financial institution. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting companies. To order your annual free credit report, please visit www.annualcreditreport.com or call toll free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available from the U.S. Federal Trade Commission's ("FTC") website at www.consumer.ftc.gov) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

For Colorado, Georgia, Maine, Maryland, Massachusetts, New Jersey, Puerto Rico, and Vermont residents:

You may obtain one or more (depending on the state) additional copies of your credit report, free of charge. You must contact each of the credit reporting agencies directly to obtain such additional report(s).

Security Freeze. Security freezes, also known as credit freezes, restrict access to your credit file, making it harder for identity thieves to open new accounts in your name. You can freeze and unfreeze your credit file for free. You also can get a free freeze for your children who are under 16. And if you are someone's guardian, conservator or have a valid power of attorney, you can get a free freeze for that person, too.

How will these freezes work? Contact all three of the nationwide credit reporting agencies – Equifax, Experian, and TransUnion. If you request a freeze online or by phone, the agency must place the freeze within one business day. If you request a lift of the freeze, the agency must lift it within one hour. If you make your request by mail, the agency must place or lift the freeze within three business days after it gets your request. You also can lift the freeze temporarily without a fee.

The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement.

It is essential that each copy be legible, display your name and current mailing address, and the date of issue.

For New Mexico residents: You may obtain a security freeze on your credit report to protect your privacy and ensure that credit is not granted in your name without your knowledge. You may submit a declaration of removal to remove information placed in your credit report as a result of being a victim of identity theft. You have a right to place a security freeze on your credit report or submit a declaration of removal pursuant to the Fair Credit Reporting and Identity Security Act. For more information, including information about additional rights, go to www.consumerfinance.gov/learnmore or write to: Consumer Financial Protection Bureau, 1700 G Street N.W., Washington, DC 20552.

Fraud Alerts. A fraud alert tells businesses that check your credit that they should check with you before opening a new account. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.
