Office of the Attorney General

Concord, NH 03301

Dear Attorney General Foster:

Pursuant to New Hampshire Statute, section 359-C:20, we are writing to notify you of a potential unauthorized acquisition of personal information involving one New Hampshire resident.

On Friday, March 18, 2016, Landstar System, Inc. (collectively with its subsidiaries and affiliates, "Landstar") learned that it suffered a phishing attack, which resulted in the unauthorized disclosure of employees' 2015 W-2 Forms. In conducting an internal investigation of this incident, Landstar discovered that a similar phishing incident also occurred on February 24, 2016, which also resulted in the unauthorized disclosure of employees' 2015 W-2 Forms.

A Landstar employee received an email that had been manipulated to appear as if it was coming from the President and CEO of Landstar; however, when replying to the email, the response did not actually return to the President and CEO's email account. Rather, the email reply was sent to an unidentified third party posing as a Landstar employee.

As soon as the incidents were discovered, Landstar launched an internal investigation and notified federal law enforcement as well as the Internal Revenue Service ("IRS"). A law enforcement investigation is ongoing at this time. Landstar is also conducting a thorough review of its security measures, internal controls, and safeguards and is making changes to existing policies and procedures, including training and awareness programs, in an effort to help prevent a similar incident in the future.

Landstar will be notifying the affected individuals so that they can take steps to protect themselves and contact the IRS, and the company is also offering identity protection services for a period of three years, at no cost. Attached please find a copy of the notice letter that will be mailed to the affected residents on or around March 24, 2016.

RE: Notice of Data Breach

Dear [Insert Recipient's Name]:

We are writing to let you know about two data security incidents, which occurred on March 18, 2016 and February 24, 2016.

What Happened

Landstar System, Inc. (collectively with its subsidiaries and affiliates, "Landstar") suffered phishing attacks, which resulted in the unauthorized disclosure of 2015 W-2 Forms and T-4 Forms for Canadian employees. On March 18, 2016, a Landstar employee received an email, which had been manipulated to appear as if it was coming from another Landstar employee; however, when replying to the email, the response did not actually return to the Landstar employee's email account. In investigating this incident, we discovered that a similar phishing incident also occurred on February 24, 2016.

Based on the nature of these incidents, and our understanding that attempts to file fraudulent returns using the W-2s involved in these incidents may have already occurred, we believe the criminals may continue to attempt to file fraudulent tax returns. If you have already filed your 2015 tax returns, the criminals would be unable to file a fraudulent return with the Internal Revenue Service ("IRS") for tax year 2015. Regardless of whether you filed already, in order to prevent and detect misuse of your information, we strongly encourage you to take the preventative measures outlined in this letter.

What Information Was Involved

The information contained on your W-2 Form included your name, address, Social Security Number, salary information, and tax withholdings for 2015.

What We Are Doing

We take the protection of your information very seriously, and we apologize for what occurred here. We are taking several steps to help protect your information, including by providing free identity protection services for three years, as described further below, and by continuing to keep you updated about this incident. As soon as the incidents were discovered, we launched an internal investigation and notified federal law enforcement. A law enforcement investigation is ongoing at this time. We also contacted the IRS and informed them of the incidents so that your files could be flagged.

We are conducting a thorough review of our security measures, internal controls, and safeguards and are making changes to existing policies and procedures, including training and awareness programs, in an effort to help prevent a similar incident in the future.

What You Can Do

We suggest that you file an IRS Form 14039, Identity Theft Affidavit (available at <https://www.irs.gov/pub/irs-pdf/f14039.pdf>) and **complete your 2015 tax filing process as soon as possible**. Even if you have **already filed** your 2015 tax return, we still suggest you file an IRS Form 14039, Identity Theft Affidavit because it will be good for three years. Follow the instructions in the Affidavit.

Below is language you can use on the Identity Theft Affidavit regarding why you are filing the form:

"I am employed at a subsidiary of Landstar System, Inc. A Landstar employee responded to a phishing email and inadvertently sent my W-2 form to an illegitimate email account. The W-2 contained my name, address, Social Security Number, salary information, and tax withholdings for 2015."

If the IRS or your tax preparer advises that a fraudulent tax return has been filed in your name, you will have to file a paper return, along with IRS Form 14039 (Identity Theft Affidavit) attached to the top. The return should be mailed to the address that you would use if mailing a return, which is included in the instructions for paper filings. You can obtain additional information regarding taxpayer identity theft on the IRS website, at <https://www.irs.gov/Individuals/Identity-Protection> and <https://www.irs.gov/uac/Taxpayer-Guide-to-Identity-Theft>, or by calling the IRS at 1-800-908-4490. For information about your state return, visit your state revenue agency's web site at <http://www.taxadmin.org/state-tax-agencies>.

The IRS has been made aware of the incidents that occurred at Landstar and is proactively updating its systems to flag the files of all affected Landstar employees to take extra precautions to help prevent against fraudulent tax filings.

The IRS will implement this process on your behalf, whether or not you choose to file the Form 14039, Identity Theft Affidavit. However, the IRS recommends that you file this Affidavit as an additional precaution, even if you have already filed your taxes, and there is no guarantee that a fraudulent tax return has not already been filed in your name. Please note that due to these extra precautions, you may experience some delay in receiving any refund you are owed and you may be asked to take additional steps (for example, you may be provided a PIN or you may be asked to file a paper report, or even submit another copy of the Affidavit).

In addition, we recommend that you enroll in the identity protection service we are offering to you, at no charge. We are offering a **complimentary** three-year membership of identity protection services from AllClear ID. The following identity protection services start on the date of this notice and you can use them at any time during the next 36 months. Both services are being provided to you at no charge.

AllClear SECURE: This service is automatically available to you with no enrollment required. If a problem arises, simply call [AllClear Dedicated Phone Number] and a dedicated investigator will do the work to recover financial losses, restore your credit and make sure your identity is returned to its proper condition.

AllClear PRO: This service offers additional layers of protection including credit monitoring and a \$1 million identity theft insurance policy. To use the PRO service, you will need to provide your personal information to AllClear ID. You may sign up online at enroll.allclearid.com using the following redemption code: [RedemptionCode]. You may also sign up by phone by calling [AllClear Dedicated Phone Number].

Please note: Additional steps may be required by you in order to activate your phone alerts and monitoring options.

For More Information

There are additional actions you can consider taking to reduce the chances of identity theft or fraud on your account(s). We have also provided resources where you can obtain additional information about identity theft and ways to protect yourself. Please refer to the final page of this letter for this information.

Questions and Concerns

We sincerely apologize that this occurred, regret any inconvenience it may cause you and encourage you to take advantage of the product outlined herein. Should you have questions or concerns regarding this matter and/or the protections available to you, please do not hesitate to call [AllClear Dedicated Phone Number] or contact the Human Resources department at DataSecurityIncident@Landstar.com.

Sincerely,

James B. Gattoni
President and Chief Executive Officer

ADDITIONAL ACTIONS TO HELP REDUCE YOUR CHANCES OF IDENTITY THEFT

➤ PLACE A 90-DAY FRAUD ALERT ON YOUR CREDIT FILE

An **initial 90 day security alert** indicates to anyone requesting your credit file that you suspect you are a victim of fraud. When you or someone else attempts to open a credit account in your name, increase the credit limit on an existing account, or obtain a new card on an existing account, the lender should take steps to verify that you have authorized the request. If the creditor cannot verify this, the request should not be satisfied. You may contact one of the credit reporting companies below for assistance.

Equifax
1-800-525-6285
www.equifax.com

Experian
1-888-397-3742
www.experian.com

TransUnion
1-800-680-7289
www.transunion.com

➤ PLACE AN EXTENDED FRAUD ALERT ON YOUR CREDIT FILE

You may also want to consider contacting the credit reporting companies and asking them to place an extended fraud alert. If you are a victim of identity theft and have created an Identity Theft Report, you can place an extended fraud alert on your credit file. It stays in effect for 7 years. When you place an extended alert, you can get 2 free credit reports within 12 months from each of the 3 nationwide credit reporting companies, and the credit reporting companies must take your name off marketing lists for prescreened credit offers for 5 years, unless you ask them to put your name back on the list.

➤ SECURITY FREEZE ON YOUR CREDIT FILE

If you are very concerned about becoming a victim of fraud or identity theft, a security freeze might be right for you. Placing a freeze on your credit report will prevent lenders and others from accessing your credit report entirely, which will prevent them from extending credit. With a Security Freeze in place, you will be required to take special steps when you wish to apply for any type of credit. This process is also completed through each of the credit reporting companies.

➤ ORDER YOUR FREE ANNUAL CREDIT REPORTS

Visit www.annualcreditreport.com or call 877-322-8228.

Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

➤ MANAGE YOUR PERSONAL INFORMATION

Take steps such as: carrying only essential documents with you; being aware of whom you are sharing your personal information with and shredding receipts, statements, and other sensitive information.

We recommend that you regularly review the explanation of benefits statement that you receive from your insurer. If you see any service that you believe you did not receive, please contact your insurer at the number on the statement. If you do not receive regular explanation of benefits statements, contact your provider and request them to send such statements following the provision of services in your name or number.

You may want to order copies of your credit reports and check for any medical bills that you do not recognize. If you find anything suspicious, call the credit reporting agency at the phone number on the report. Keep a copy of this notice for your records in case of future problems with your medical records. You may also want to request a copy of your medical records from your provider, to serve as a baseline. If you are a California resident, we suggest that you visit the web site of the California Office of Privacy Protection at www.privacy.ca.gov to find more information about your medical privacy.

➤ **USE TOOLS FROM CREDIT PROVIDERS**

Carefully review your credit reports and bank, credit card and other account statements. Be proactive and create alerts on credit cards and bank accounts to notify you of activity. If you discover unauthorized or suspicious activity on your credit report or by any other means, file an identity theft report with your local police and contact a credit reporting company.

➤ **BE ON THE LOOKOUT FOR PHISHING SCHEMES**

We recommend that you be on the lookout for suspicious emails. Specifically, be on the lookout for phishing schemes, which are attempts by criminals to steal personal information, including credit card numbers and social security numbers, over email. These attempts are often made by manipulating an email to make it look as if it came from a legitimate source, but which is actually sent by a fraudulent impersonator.

Pay particular attention to anyone asking you to click on a link or attachment, especially if the email requests sensitive information, and pay close attention to the email address (look for misspellings in the email address). It is also important that you check the recipient's email address when replying to emails to ensure it is legitimate.

➤ **OBTAIN MORE INFORMATION ABOUT IDENTITY THEFT AND WAYS TO PROTECT YOURSELF**

We recommend you remain vigilant with respect to reviewing your account statements and credit reports, and promptly report any suspicious activity or suspected identity theft to us and to the proper law enforcement authorities, including local law enforcement, your state's attorney general and/or the Federal Trade Commission ("FTC"). You may contact the FTC or your state's regulatory authority to obtain additional information about avoiding identity theft. If you believe a fraudulent tax return has been filed in your name, we recommend that you contact the Internal Revenue Service at the below information.
