**Re: Maryland Institute College of Art – Incident Notification**

Dear Attorney General MacDonald:

McDonald Hopkins PLC represents Maryland Institute College of Art (“MICA”). I am writing to provide notification of an incident at MICA that may affect the security of personal information of approximately two (2) New Hampshire residents. MICA’s investigation is ongoing, and this notification will be supplemented with any new or significant facts or findings subsequent to this submission, if any. By providing this notice, MICA does not waive any rights or defenses regarding the applicability of New Hampshire law or personal jurisdiction.

MICA learned that a limited number of MICA employees were the victims of an email phishing attack which resulted in unauthorized access to an employee’s email box. Upon learning of the issue, MICA commenced a prompt and thorough investigation. As part of its investigation, MICA has worked very closely with external cybersecurity professionals. After an extensive forensic investigation and manual email review, MICA discovered on February 25, 2019 that the impacted email account was accessible from September 28, 2018 to October 30, 2018, and contained a limited amount of the affected residents’ personal information. The information included the affected residents’ full names and Social Security numbers.

To date, MICA has no evidence that any of the information has been misused, or even viewed. Nevertheless, out of an abundance of caution, MICA wanted to inform you (and the affected residents) of the incident and to explain the steps that it is taking to help safeguard the affected residents against identity fraud. MICA is providing the affected residents with written notice of this incident commencing on or about March 27, 2019, in substantially the same form as the letter attached hereto. MICA is offering the affected residents a complimentary one-year membership with a credit monitoring service. MICA is advising the affected residents about the process for placing a fraud alert and/or security freeze on their credit files and obtaining free credit reports. The affected residents are also being provided with the contact information for the consumer reporting agencies and the Federal Trade Commission.

**IMPORTANT INFORMATION  
PLEASE READ CAREFULLY**

Dear [REDACTED]:

I am writing with important information regarding a recent information security incident. The privacy and security of the personal information we maintain is of the utmost importance to the Maryland Institute College of Art ("MICA"). As such, we wanted to provide you with information about the incident, explain the services we are making available to you, and let you know that we continue to take significant measures to protect your information.

What Happened?

We learned that a limited number of MICA employees were the victims of an email phishing attack which resulted in unauthorized access to an employee's email box.

What We Are Doing.

Upon learning of the issue, we commenced a prompt and thorough investigation. As part of our investigation, we have worked very closely with external cybersecurity professionals. After an extensive forensic investigation and manual email review, we discovered on February 25, 2019 that the impacted email account was accessible from September 28, 2018 to October 30, 2018, and contained some of your personal information. We have no evidence that any of the information has been misused, or even viewed. Nevertheless, out of an abundance of caution, we want to make you aware of the incident.

What Information Was Involved?

The impacted email accounts that were accessed contained some of your personal information, including your full name and Social Security number, and may have also contained your driver's license number.

What You Can Do.

To protect you from potential misuse of your information, we are offering a complimentary one-year membership of Experian IdentityWorks<sup>SM</sup> Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you and enrolling in this program will not hurt your credit score. For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary one-year membership, please see the additional information provided in this letter.

This letter also provides other precautionary measures you can take to protect your personal information, including placing a fraud alert and/or security freeze on your credit files, and/or obtaining a free credit report. Additionally, you should always remain vigilant in reviewing your financial account statements and credit reports for fraudulent or irregular activity on a regular basis.

For More Information.

Please accept our apologies that this incident occurred. We are committed to maintaining the privacy of personal information in our possession and have taken many precautions to safeguard it. We have made extensive changes to our policies and we will continue to evaluate and modify our practices and internal controls to enhance the security and privacy of your personal information.

**If you have any further questions regarding this incident, please call our dedicated and confidential toll-free response line that we have set up to respond to questions at [REDACTED]** This response line is staffed with professionals familiar with this incident and knowledgeable on what you can do to protect against misuse of your information. The response line is available Monday through Friday, 8 am to 5 pm ET.

Sincerely,

Maryland Institute College of Art

## 2. Placing a Fraud Alert on Your Credit File.

Whether or not you choose to use the complimentary 12 month credit monitoring services, we recommend that you place an initial 90-day “fraud alert” on your credit files, at no charge. A fraud alert tells creditors to contact you personally before they open any new accounts. To place a fraud alert, call any one of the three major credit bureaus at the numbers listed below. As soon as one credit bureau confirms your fraud alert, they will notify the others.

### **Equifax**

P.O. Box 105069  
Atlanta, GA 30348  
[www.equifax.com](http://www.equifax.com)  
1-800-525-6285

### **Experian**

P.O. Box 2002  
Allen, TX 75013  
[www.experian.com](http://www.experian.com)  
1-888-397-3742

### **TransUnion LLC**

P.O. Box 2000  
Chester, PA 19016  
[www.transunion.com](http://www.transunion.com)  
1-800-680-7289

## 3. Consider Placing a Security Freeze on Your Credit File.

If you are very concerned about becoming a victim of fraud or identity theft, you may request a “security freeze” be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by contacting all three nationwide credit reporting companies at the numbers below and following the stated directions or by sending a request in writing, by mail, to all three credit reporting companies:

### **Equifax Security Freeze**

PO Box 105788  
Atlanta, GA 30348  
<https://www.freeze.equifax.com>  
1-800-349-9960

### **Experian Security Freeze**

PO Box 9554  
Allen, TX 75013  
<http://experian.com/freeze>  
1-888-397-3742

### **TransUnion Security Freeze**

P.O. Box 2000  
Chester, PA 19016  
<http://www.transunion.com/securityfreeze>  
1-888-909-8872

In order to place the security freeze, you’ll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name or to commit fraud or other crimes against you, you may file a police report in the City in which you currently reside.

If you do place a security freeze *prior* to enrolling in the credit monitoring service as described above, you will need to remove the freeze in order to sign up for the credit monitoring. After you sign up for the credit monitoring service, you may refreeze your credit file.

## 4. Obtaining a Free Credit Report.

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call **1-877-322-8228** or request your free credit reports online at [www.annualcreditreport.com](http://www.annualcreditreport.com). Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

## 5. Additional Helpful Resources.

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft), by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC's Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.
