Re: Notice of Data Security Incident

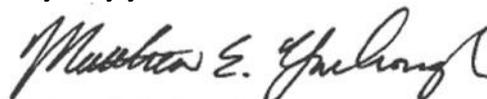

I represent MGM Resorts International (“MGM”), a national hospitality corporation, with respect to a recent data security incident. MGM is a hotelier headquartered in Las Vegas, Nevada. This letter is submitted on behalf of MGM pursuant to N.H. Rev. Stat. §§ 359-C:19-21, because the personal information seven (7) New Hampshire residents may have been affected by the incident.

On or about July 7, 2019, an outside unknown individual (“UI”) accessed MGM’s internal system without authorization and exfiltrated data by exploiting a compromised account concerning a third-party integration. The UI then posted the data on a closed internet forum on July 10, 2019 with the intent to sell for financial gain. The data was taken down from the forum on or about July 24, 2019. Outside legal counsel engaged with two forensic investigation firms to conduct an analysis of the data. The vast majority of information contained within the data set included names, addresses, and phone numbers. No MGM customer financial information or passwords were accessed.

After a voluminous and time-intensive search, on August 9, MGM determined that four (4) New Hampshire driver’s license numbers and three (3) military identification numbers were accessed.

MGM is in the process of notifying affected residents via the attached letter. MGM is offering twelve (12) months of complimentary credit monitoring and identity monitoring services and \$1,000,000 of reimbursement insurance to the affected residents through ID Experts. Please contact me should you have any questions.

Very truly yours,

Matthew E. Yarbrough

Notice of Data Incident

Dear <<First Name>> <<Last Name>>,

What Happened

On or about July 7, 2019, an individual accessed MGM Resorts International's computer network system without permission. The individual downloaded partial customer data from MGM's computer systems, then posted and disclosed part of the data on a closed internet forum. No customer financial information, passwords or credit cards were part of the data in question and it was taken down and removed from the closed internet site.

What Information Was Involved

MGM immediately initiated an internal forensic investigation into this incident. MGM conducted an exhaustive investigation and search of the downloaded data from the closed internet site. On August 9, 2019, MGM determined your First Name, Last Name, and Driver's License Number were part of the compromised file. Again, no financial information, passwords or credit cards were included in the database.

Recommended Steps to help Protect your Information

- 1. Website and Enrollment.** Go to <https://ide.myidcare.com/mgmri> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.
- 2. Activate the credit monitoring** provided as part of your MyIDCare membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, MyIDCare will be able to assist you.
- 3. Telephone.** Contact MyIDCare at 833-959-1344 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.
- 4. Review your credit reports.** We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in MyIDCare, notify them immediately by calling or by logging into the MyIDCare website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.alerts.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

7. You can obtain additional information about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.
