**Re: Notice of Data Event**

Dear Attorney General MacDonald:

We represent Mille Lacs Health System (“MLHS”) located at 200 Elm Street North, Onamia, MN 56359 and are writing to notify your office of an incident that may affect the security of some personal information relating to one (1) New Hampshire resident. This notice may be supplemented with any new significant facts learned subsequent to its submission. By providing this notice, MLHS does not waive any rights or defenses regarding the applicability of New Hampshire law, the applicability of the New Hampshire data event notification statute, or personal jurisdiction.

**Nature of the Data Event**

On or about November 14, 2019, a MLHS employee identified a high volume of spam emails being sent from employee email accounts. MLHS immediately commenced an investigation and determined that certain employees’ email accounts were subject to unauthorized access. The unauthorized access has been terminated.

MLHS, with the assistance of a third-party forensic expert, further investigated this incident. MLHS confirmed on February 24, 2020 that an unauthorized actor or actors had access to twenty-eight (28) employees’ email accounts at certain times between August 26, 2019 through January 7, 2020. On April 22, 2020, MLHS’s data review experts determined that protected health information belonging to some of its patients was contained within the impacted accounts and therefore was potentially accessed.

The information that could have been subject to unauthorized access includes: first and last name, addresses, date of birth, provider name, date of service, clinical information, treatment information, procedure type and in some cases social security numbers.

### **Notice to a New Hampshire Resident**

On or about May 11, 2020 MLHS will provide written notice of this incident to all affected individuals. This notice includes notice to one (1) New Hampshire resident who had information that is protected under the New Hampshire data incident notification law. Written notice is being provided in substantially the same form as the letter attached.

### **Other Steps Taken and To Be Taken**

Upon discovering the event, MLHS moved quickly to investigate and respond to the incident, assess the security of MLHS systems, and notify potentially affected individuals. MLHS is also working to implement additional safeguards and training to its employees. MLHS is providing access to credit monitoring services for twelve (12) months through ID Experts® to individuals who were potentially affected by this incident, at no cost to these individuals.

Additionally, MLHS is providing impacted individuals with guidance on how to better protect against identity theft and fraud, including advising individuals to report any suspected incidents of identity theft or fraud to their credit card company and/or bank. MLHS is providing individuals with information on how to place a fraud alert and security freeze on one's credit file, information on protecting against tax fraud, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud.

### **Contact Information**

Should you have any questions regarding this notification or other aspects of the data security event, please contact us at (518) 512-8700.

Very truly yours,

JACKSON LEWIS P.C.

**NOTICE OF DATA BREACH**

Dear <<First Name>> <<Last Name>>,

We are writing to inform you of a security incident involving certain personal information maintained by Mille Lacs Health System (“MLHS”). We are providing this notice as a precaution to inform potentially affected individuals about the incident and to call your attention to some steps you can take to help protect yourself. We sincerely regret any concern this may cause you.

**What Happened?**

On November 14, 2019, we learned that an outside entity sent phishing emails to certain of our employees soliciting their login information to our email system. We immediately commenced an investigation and determined on February 24, 2020, that the entity appears to have been able to use employee credentials to gain unauthorized access from August 26, 2019 through January 7, 2020 to a small number of employee email accounts. On April 22, 2020, our data review experts determined that protected health information belonging to some of our patients was contained within the impacted accounts and therefore was potentially accessed. We have terminated the unauthorized access to our employee email accounts. The access was limited to information that was contained in emails of the impacted employees and did not extend to patient databases.

**What Information Was Involved?**

The information stored in the affected email accounts varies by individual, but may include first and last name, addresses, date of birth, provider name, date of service, clinical information, treatment information, procedure type and in some cases social security numbers. Based on our investigation, it appears you were one of the individuals whose information was contained in the emails that were accessed, and therefore your information could be affected by this incident. Our investigation has not found any evidence that this incident involves any unauthorized access to or use of any of MLHS’s other internal computer systems or network. We are not aware of any fraud or misuse of your information as a result of this incident.

**What We are Doing.**

We take the privacy of personal information seriously and deeply regret that this incident occurred. We took steps to address this incident promptly after it was discovered, including initiating an investigation into this incident and working with an independent forensic investigation firm to assist us in the investigation of and response to this incident. Additionally, we have reset all user account passwords and have implemented additional technology measures in order to help prevent this type of incident from reoccurring in the future.

While there is no evidence of any misuse of your information, out of an abundance of caution, we are offering identity theft protection services through ID Experts®, the data breach and recovery services expert, to provide you with MyIDCare™. MyIDCare services include: 12 months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed id theft recovery services. With this protection, MyIDCare will help you resolve issues if your identity is compromised.

**What You Can Do.**

We encourage you to contact ID Experts with any questions and to enroll in free MyIDCare services by calling 1-833-979-2230 or going to <https://app.myidcare.com/account-creation/protect> and using the Enrollment Code provided above. MyIDCare experts are available Monday through Friday from 8:00 am – 8:00 pm Central Time. Please note the deadline to enroll is August 11, 2020.

You can also review the enclosed supplemental information. In addition, we advise you to report suspected incidents of identity theft to local law enforcement or the Attorney General.

**For More Information.**

For more information about this incident, or if you have additional questions or concerns, please call 1-833-979-2230 between the hours of 8:00 am and 8:00 pm Central Time, Monday through Friday or go to <https://app.myidcare.com/account-creation/protect>. Again, we sincerely regret any concern this incident may cause.

Sincerely,

A handwritten signature in black ink, appearing to read "Bill Nelson", with a long horizontal flourish extending to the right.

Chief Executive Officer

## Recommended Steps to help Protect your Information

- 1. Website and Enrollment.** Go to <https://app.myidcare.com/account-creation/protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.
- 2. Activate the credit monitoring** provided as part of your MyIDCare membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, MyIDCare will be able to assist you.
- 3. Telephone.** Contact MyIDCare at 1-833-979-2230 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.
- 4. Review your credit reports.** We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to [www.annualcreditreport.com](http://www.annualcreditreport.com) or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in MyIDCare, notify them immediately by calling or by logging into the MyIDCare website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

**5. Place Fraud Alerts** with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

### Credit Bureaus

Equifax Fraud Reporting  
1-866-349-5191  
P.O. Box 105069  
Atlanta, GA 30348-5069  
[www.equifax.com](http://www.equifax.com)

Experian Fraud Reporting  
1-888-397-3742  
P.O. Box 9554  
Allen, TX 75013  
[www.experian.com](http://www.experian.com)

TransUnion Fraud Reporting  
1-800-680-7289  
P.O. Box 2000  
Chester, PA 19022-2000  
[www.transunion.com](http://www.transunion.com)

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

**Please Note: No one is allowed to place a fraud alert on your credit report except you.**

**6. Security Freeze.** By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

**7. You can obtain additional information** about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.

**California Residents:** Visit the California Office of Privacy Protection ([www.oag.ca.gov/privacy](http://www.oag.ca.gov/privacy)) for additional information on protection against identity theft.

**Kentucky Residents:** Office of the Attorney General of Kentucky, 700 Capitol Avenue, Suite 118 Frankfort, Kentucky 40601, [www.ag.ky.gov](http://www.ag.ky.gov), Telephone: 1-502-696-5300.

**Maryland Residents:** Office of the Attorney General of Maryland, Consumer Protection Division 200 St. Paul Place Baltimore, MD 21202, [www.oag.state.md.us/Consumer](http://www.oag.state.md.us/Consumer), Telephone: 1-888-743-0023.

**New Mexico Residents:** You have rights pursuant to the Fair Credit Reporting Act, such as the right to be told if information in your credit file has been used against you, the right to know what is in your credit file, the right to ask for your credit score, and the right to dispute incomplete or inaccurate information. Further, pursuant to the Fair Credit Reporting Act, the consumer reporting agencies must correct or delete inaccurate, incomplete, or unverifiable information; consumer reporting agencies may not report outdated negative information; access to your file is limited; you must give your consent for credit reports to be provided to employers; you may limit "prescreened" offers of credit and insurance you get based on information in your credit report; and you may seek damages from a violator. You may have additional rights under the Fair Credit Reporting Act not summarized here. Identity theft victims and active duty military personnel have specific additional rights pursuant to the Fair Credit Reporting Act. You can review your rights pursuant to the Fair Credit Reporting Act by visiting [www.consumerfinance.gov/f/201504\\_cfpb\\_summary\\_your-rights-under-fcra.pdf](http://www.consumerfinance.gov/f/201504_cfpb_summary_your-rights-under-fcra.pdf), or by writing Consumer Response Center, Room 130-A, Federal Trade Commission, 600 Pennsylvania Ave. N.W., Washington, D.C. 20580.
