Re: Peirce College – Incident Notification

Dear Attorney General MacDonald :

McDonald Hopkins PLC represents Peirce College. I am writing to provide notification of an incident at Peirce College that may affect the security of personal information of six (6) New Hampshire residents. Peirce College’s investigation is ongoing, and this notification will be supplemented with any new or significant facts or findings subsequent to this submission, if any. By providing this notice, Peirce College does not waive any rights or defenses regarding the applicability of New Hampshire law or personal jurisdiction.

Peirce College learned recently that an unauthorized party temporarily obtained access to a limited number of Peirce College employee email accounts between February 13, 2020 and February 16, 2020. Upon learning of this issue, Peirce College immediately secured these accounts and commenced a prompt and thorough investigation. Peirce College worked very closely with external cybersecurity professionals to perform an extensive forensic investigation and manual review of documents in these accounts. While Peirce College has no reason to believe at this time that any personal information was actually accessed, Peirce College discovered on August 6, 2020 that the compromised email accounts contained a limited amount of personal information. The information included the affected residents’ full names and Social Security numbers.

Peirce College has no evidence that any of the information has been misused. Out of an abundance of caution, Peirce College wanted to inform you (and the affected residents) of the incident and to explain the steps that it is taking to help safeguard the impacted residents against identity fraud. Peirce College is providing the affected residents with written notification of this incident commencing on or about September 4, 2020 in substantially the same form as the letter attached hereto. Peirce College is providing residents with Social Security numbers included in the account with 12 months of credit monitoring, and is advising the affected residents to always remain vigilant in reviewing financial account statements for fraudulent or irregular activity on a regular basis. Peirce College is advising the affected residents about the process for placing a

fraud alert and/or security freeze on their credit files and obtaining free credit reports. The affected residents are also being provided with the contact information for the consumer reporting agencies and the Federal Trade Commission.

At Peirce College, protecting the privacy of personal information is a top priority. Peirce College is committed to maintaining the privacy of personal information in its possession and has taken many precautions to safeguard it. Peirce College continually evaluates and modifies its practices to enhance the security and privacy of the personal information it maintains.

Should you have any questions regarding this notification, please contact me at (248) 220-1354 or jgiszczak@mcdonaldhopkins.com. Thank you for your cooperation.

Sincerely,

2. Placing a Fraud Alert on Your Credit File.

Whether or not you choose to use the complimentary 12 month credit monitoring services, we recommend that you place an initial one (1) year “fraud alert” on your credit files, at no charge. A fraud alert tells creditors to contact you personally before they open any new accounts. To place a fraud alert, call any one of the three major credit bureaus at the numbers listed below. As soon as one credit bureau confirms your fraud alert, they will notify the others.

Equifax

P.O. Box 105069
Atlanta, GA 30348

1-800-525-6285

Experian

TransUnion LLC

P.O. Box 2000
Chester, PA 19016
www.transunion.com

3. Placing a Security Freeze on Your Credit File.

If you are very concerned about becoming a victim of fraud or identity theft, you may request a “security freeze” be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by contacting all three nationwide credit reporting companies at the numbers below and following the stated directions or by sending a request in writing, by mail, to all three credit reporting companies:

Equifax Security Freeze

PO Box 105788
Atlanta, GA 30348
<https://www.freeze.equifax.com>
1-800-349-9960

Experian Security Freeze

PO Box 9554
Allen, TX 75013
<http://experian.com/freeze>
1-888-397-3742

TransUnion Security Freeze

P.O. Box 2000
Chester, PA 19016
<http://www.transunion.com/securityfreeze>
1-888-909-8872

In order to place the security freeze, you’ll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

If you do place a security freeze *prior* to enrolling in the credit monitoring service as described above, you will need to remove the freeze in order to sign up for the credit monitoring service. After you sign up for the credit monitoring service, you may refreeze your credit file.

4. Obtaining a Free Credit Report.

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call **1-877-322-8228** or request your free credit reports online at **www.annualcreditreport.com**. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

5. Additional Helpful Resources.

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts.

You may also file a complaint with the FTC by contacting them on the web at www.ftc.gov/idtheft, by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC's Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name, or to commit fraud or other crimes against you, you may file a police report in the city in which you currently reside.

If this notice letter states that your financial account information and/or credit or debit card information was impacted, we recommend that you contact your financial institution to inquire about steps to take to protect your account, including whether you should close your account or obtain a new account number.
