Dear Attorney General MacDonald:

We are writing as counsel to PF@-Com, Inc., a Delaware corporation with a principle place of business at 8 Campus Drive, 2nd Floor, Parsippany, NJ 07054 ("PF"), to provide notice of a data breach incident in compliance with N.H. Rev. Stat. Ann. § 359-C:20.

On March 12, 2018, PF discovered that information entered on some of the websites owned by PF (specifically, aveneusa.com, renefurtererusa.com, kloraneusa.com, and glytone-usa.com (the "Websites")) had been captured and potentially sent to unauthorized third parties. PF immediately began a full investigation of the incident, which concluded on March 28, 2018, by which time PF was able to identify the types of information that may have been compromised and the population of potentially affected visitors. Any information entered on any of the Websites between February 20, 2018 and March 15, 2018 may have been exposed. On April 11, 2018, PF intends to send the enclosed Notification of Data Breach to thirteen (13) New Hampshire residents who may potentially be affected by this incident.

Based on PF's investigation, the following types of personal information may have been exposed during this time: name, credit or debit card information or other payment account information, phone number, email address, shipping address, billing address and/or Website account password (the "Information"). As of the date of this letter, PF does not have evidence that any unauthorized third parties actually received or misused any Information from visitors to the Websites, but PF cannot determine with certainty that none did.

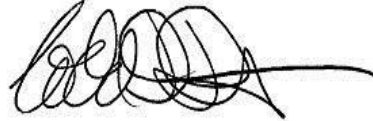

Once PF became aware of the exposure, PF immediately worked to successfully stop the unauthorized access and implemented additional security enhancements to the Websites including, without limitation, measures to secure all administrative accounts and monitor the Websites for further vulnerabilities. PF's investigation to determine the nature and scope of the exposure did not confirm that any Information was successfully received by any unauthorized third parties.

PF has also secured the services of Kroll to provide identity monitoring at no cost to affected consumers for one year. Kroll is a global leader in risk mitigation and response, and their team has extensive experience helping people who have sustained an unintentional exposure of confidential data.

This report is not, and does not constitute, a waiver of personal jurisdiction, or any rights or defenses under applicable law.

Please do not hesitate to contact me if you require additional information or to address any questions regard this incident.

Sincerely,

A handwritten signature in black ink, appearing to read 'Todd D. Daubert', with a long horizontal flourish extending to the right.

Fraud Alert. You may place a fraud alert in your file by calling one of the three nationwide credit reporting agencies above. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit.

Security Freeze. You have the ability to place a security freeze on your credit report.

A security freeze is intended to prevent credit, loans and services from being approved in your name without your consent. To place a security freeze on your credit report, you may be able to use an online process, an automated telephone line, or a written request to any of the three credit reporting agencies listed above. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. The credit reporting agencies may charge a fee to place a freeze, temporarily lift it or permanently remove it. The fee is waived if you are a victim of identity theft and have submitted a valid investigative or law enforcement report or complaint relating to the identity theft incident to the credit reporting agencies. (You must review your state's requirement(s) and/or credit bureau requirement(s) for the specific document(s) to be submitted.)

For Massachusetts residents: The fee for each placement of a freeze, temporary lift of a freeze, or removal of a freeze is \$5.

Federal Trade Commission and State Attorneys General Offices. If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your home state. You may also contact these agencies for information on how to prevent or avoid identity theft.

You may contact the **Federal Trade Commission**, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580, www.ftc.gov/bcp/edu/microsites/idtheft/, 1-877-IDTHEFT (438-4338).
