Dear Attorney General Foster:

We represent Politi & Magnifico, LLC. ("Politi & Magnifico") with respect to an incident involving the exposure of certain personal information described in detail below.

1. Nature of the security breach or unauthorized use or access

On September 13, 2016, Politi & Magnifico discovered that a small number of clients had tax returns filed with the IRS by an unknown third party. Most of Politi & Magnifico's client tax returns were not affected. Upon learning of the incident, Politi & Magnifico conducted a forensic investigation that indicated there was a possibility that documents containing client tax data such as name, address, date of birth, Social Security number, and limited financial information may have been exposed as a result of a potential data security incident.

2. Number of New Hampshire residents affected.

Approximately 4 New Hampshire residents were affected by the incident. The potentially impacted individuals were sent letters notifying them of this incident on November 9, 2016. A copy of the notification is included with this letter which informs these New Hampshire residents about the 24 months of credit monitoring and identity theft protection services that is being offered to them.

3. Steps you have taken or plan to take relating to the incident.

Upon learning of the incident, Politi & Magnifico took immediate steps to investigate the cause and contacted law enforcement. Politi & Magnifico has since taken steps to prevent a similar event from occurring in the future, including re-training staff on data security threats, reviewing and updating our policies and procedures, and implementing additional security controls to further protect our systems. In addition, Politi & Magnifico has been working with the IRS and law enforcement to take steps to protect the potentially impacted individuals going forward.
