Re: *Incident Notification*

Dear Attorney General Foster:

We are writing on behalf of our client, Ricoh USA, Inc. ("Ricoh"), to notify you of a security incident involving a New Hampshire resident.

On April 20, 2017, Equifax Workforce Solutions ("Equifax"), which provides payroll-related services to Ricoh, informed Ricoh that it had been investigating potential unauthorized access to Equifax's systems. The investigation determined that an unauthorized individual(s) may have accessed some of Ricoh's current and former employees' payroll information through Equifax's systems. Please note that this incident occurred at Equifax, and Ricoh's own systems were **not** compromised.

Equifax informed Ricoh that the unauthorized individual may have accessed an electronic copy of some of Ricoh's current and former employees' 2016 W-2s, which includes names, addresses, Social Security numbers, and, to the extent that some employees' Equifax account contains any banking information, that information may also be affected. This incident did not affect all of Ricoh's current and former employees.

Ricoh is notifying 1 New Hampshire resident in substantially the same form as the letter attached hereto, with written notification commencing May 18, 2017.¹ Ricoh is offering affected individuals a complimentary three-year membership of credit monitoring and identity theft protection through Equifax's® ID Patrol. Notification is being provided in the most expedient

time possible pursuant to the investigation described above, which was necessary to determine the scope of the incident; restore the reasonable integrity of the data system; and identify the individuals potentially affected. See N.H. Rev. Stat. § 359-C:20(I)(a).

To help prevent a similar incident from happening in the future, Ricoh is working with Equifax on implementation of additional security measures for their systems.

Please do not hesitate to contact me if you have any questions regarding this matter.
