Re: Incident Notification

Dear Attorney General MacDonald:

We are writing on behalf of our client, Roper St. Francis Healthcare (“RSFH”) to notify you of a security incident involving New Hampshire residents. RSFH is a covered entity under the Health Insurance Portability & Accountability Act (“HIPAA”).

On November 11, 2020, RSFH learned that an unauthorized individual gained access to three workforce members’ email accounts between October 14, 2020 and October 29, 2020. RSFH immediately took steps to investigate and secure the email accounts and a forensic cybersecurity firm was engaged to conduct a thorough investigation into the incident. The investigation was unable to determine whether the unauthorized person viewed any emails or attachments in the accounts. Out of an abundance of caution, RSFH reviewed all the emails and attachments contained in the accounts to determine what information may have been accessible to the unauthorized person. As a result of that review, RSFH determined that one or more emails or attachments may have contained the names and Social Security numbers of two New Hampshire residents.¹

On January 8, 2021, RSFH will begin mailing notification letters to the New Hampshire residents pursuant to HIPAA (45 CFR §§ 160.103 and 164.400 *et seq.*) and N.H. Rev. Stat. Ann.

¹ Please note that additional New Hampshire residents were notified pursuant to HIPAA, but the information contained in the accounts for these individuals does not constitute Personal Information as defined by N.H. Rev. Stat. § 359-C:19(4).

RSFH is offering eligible individuals a complimentary, one-year membership to credit monitoring and identity theft protection services. RSFH has also established a dedicated, toll-free call center where all individuals may obtain more information regarding the incident.

To help prevent something like this from happening again, RSFH is enhancing its email security and providing additional education to its staff on how to identify and avoid suspicious emails.

Please do not hesitate to contact me if you have any questions regarding this matter.

Sincerely,

Aleksandra M. S. Vold

Fraud Alerts and Credit or Security Freezes:

Fraud Alerts: There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

Credit or Security Freezes: You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

How do I place a freeze on my credit reports? There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, www.experian.com
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, www.transunion.com
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, www.equifax.com

You'll need to supply your name, address, date of birth, Social Security number and other personal information.

After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

How do I lift a freeze? A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.
