New Hampshire Department of Justice  
Office of the Attorney General  
33 Capitol Street  
Concord, NH 03301

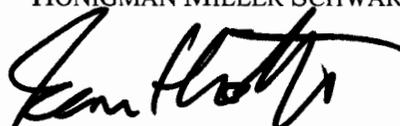

Dear Sir/Madam:

This law firm represents the Society of Manufacturing Engineers (“SME”), which is located in Dearborn, Michigan. Please allow this letter to serve as notice that SME has learned of a serious data security breach involving the information of 98 New Hampshire residents, among others. Specifically, on August 10, 2011, unauthorized access was gained to SME’s computer resources, resulting in the theft of individual information including names, addresses, birth dates, credit card numbers, credit card expiration dates, and credit card security codes. SME is in the process of notifying the New Hampshire residents affected by this incident.

SME deeply regrets this unfortunate incident.

Very truly yours,

HONIGMAN MILLER SCHWARTZ AND COHN LLP

Sean F. Crotty
