Re: Notice of Security Incident Affecting SunTrust Banks Inc.

Dear Sir or Madam,

I write on behalf of SunTrust Banks, Inc. ("SunTrust") regarding a security incident that involves the potential theft by a former employee of printed copies of some of our client contact lists including name, address, phone number, age (but not date of birth), certain account balances, and in some instances, email addresses. The contact lists did not include personally identifying information, such as social security numbers, account numbers, PINs, log-ins, passwords, or driver's license numbers. SunTrust is also working with outside experts and coordinating with law enforcement on the matter.

At SunTrust, we care deeply about the privacy and security of the information our clients share with us. In mid-April, we learned of the likelihood that the former employee may have inappropriately printed the client contact information for use outside of SunTrust. Although our investigation into the matter is ongoing, SunTrust is proactively alerting affected clients out of an abundance of caution, as client trust is our priority.

Based on its investigation to date, SunTrust has determined that the incident potentially impacted approximately 1.5 million SunTrust clients who were included in the client contact lists that may have been printed. The approximate number of SunTrust clients in your state who were potentially impacted is identified in Exhibit B. On April 21, 2018, SunTrust started sending security alerts by email (for those clients who have an email on file with SunTrust) and will follow with notification letters via mail to the potentially impacted clients. We have heightened our monitoring of accounts and are offering, at no cost to these clients, an ongoing subscription to Experian IDNotify®, which is a credit monitoring and identity theft detection and resolution service. Unaddressed copies of the letters are attached as Exhibit C. SunTrust also has established a call center to answer clients' questions and a dedicated website to provide information to clients.

SunTrust remains committed to protecting its clients' personal information and assisting those clients who may have been impacted by this incident. Please do not hesitate to contact me at (404)572-4799 or John Horn at (404)572-2816 if you have any questions regarding this letter.

Sincerely,

8. If you are not a victim of identity theft, include payment by check, money order, or credit card (Visa, MasterCard, American Express or Discover only). Do not send cash through the mail.

The credit reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both, that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail and include proper identification (name, address, and Social Security number) **and** the PIN number or password provided to you when you placed the security freeze as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have three (3) business days after receiving your request to lift the security freeze for those identified entities or for the specified period of time.
