Re: Technique Golf, LLC d/b/a Super Stroke USA – Incident Notification

Dear Attorney General MacDonald:

McDonald Hopkins PLC represents Technique Golf, LLC d/b/a Super Stroke USA (“Super Stroke”). I am writing to provide notification of an incident at Super Stroke that may affect the security of personal information of approximately nineteen (19) New Hampshire residents. Super Stroke’s investigation is ongoing, and this notification will be supplemented with new or significant facts or findings subsequent to this submission, if any. By providing this notice, Super Stroke does not waive any rights or defenses regarding the applicability of New Hampshire law or personal jurisdiction.

Super Stroke recently discovered that its e-commerce website was modified with malicious code that acted to capture payment card data as it was entered on the website in connection with a purchase. Super Stroke immediately engaged external forensic investigators and data privacy professionals and commenced a prompt and thorough investigation into the incident. As a result of this review, Super Stroke determined that the payment card information potentially accessed related to transactions made through its online store between April 26, 2019 and September 17, 2019. The information that may have been acquired in this incident included customer names, credit or debit card numbers, card expiration dates and CVVs (3 or 4 digit code on the front or back of the card). No other personal information is at risk as a result of this incident. Super Stroke discovered on February 20, 2020 that the residents completed a transaction at its website during the window of compromise.

Out of an abundance of caution, Super Stroke wanted to inform you (and the affected residents) of the incident and to explain the steps that it is taking to help safeguard the affected residents against identity fraud. Super Stroke will provide the affected residents with written notification of this incident commencing on or about March 20, 2020 in substantially the same form as the letter attached hereto. Super Stroke will advise the affected residents to call their banks or card issuers if they see any suspicious transactions, and that the policies of the payment card brands provide that consumers are not liable for any unauthorized charges if reported in a

timely manner. Super Stroke will also advise the affected residents to ask their banks or card issuers whether new cards should be issued to them. Super Stroke will advise the affected residents about the process for placing fraud alerts and/or security freezes on their credit files and obtaining free credit reports. The affected residents will also be provided with the contact information for the consumer reporting agencies and the Federal Trade Commission.

At Super Stroke, protecting the privacy of personal information is a top priority. Since learning of the incident, Super Stroke has implemented enhanced security safeguards to help protect against similar intrusions. Super Stroke is also conducting ongoing monitoring of its website to ensure that it is secure and cleared of any malicious activity.

Should you have any questions concerning this notification, please contact me at (248) 593-2952 or cbattersby@mcdonaldhopkins.com. Thank you for your cooperation.

Very truly yours,

Colin M. Battersby

Encl.

**IMPORTANT INFORMATION
PLEASE REVIEW CAREFULLY**

Dear [REDACTED]:

We are writing to make you aware of a recent data security incident involving potential unauthorized access to some of our customers' payment card data used at www.superstrokeusa.com. The privacy and security of your personal information is of utmost importance to Super Stroke USA ("Super Stroke") and we are routinely evaluating and improving our security and payment systems to ensure your information is secure.

What Happened?

We recently discovered that our e-commerce website was modified with malicious code that acted to capture payment card data as it was entered on the website in connection with a purchase. We immediately engaged external forensic investigators and data privacy professionals and commenced a prompt and thorough investigation into the incident. As a result of this review, we determined that the payment card information potentially accessed related to transactions made through our online store between April 26, 2019 and September 17, 2019.

What Information Was Involved?

The information that may have been acquired in this incident included customer name, credit or debit card numbers, card expiration dates and CVVs (3 or 4 digit code on the front or back of the card). We discovered on February 20, 2020 that you completed a transaction at our website during the window of compromise and your card information may be at risk. No other personal information of yours is at risk as a result of this incident.

What We Are Doing

Because we value our relationship with you, we wanted to make you aware of the incident. We also wanted to let you know what we are doing to further secure your information, and suggest steps you can take. Since learning of the incident, we have implemented enhanced security safeguards to help protect against similar intrusions. We are also conducting ongoing monitoring of our website to ensure that it is secure and cleared of any malicious activity.

What You Can Do

Below you will find precautionary measures you can take to protect your personal information. Additionally, you should always remain vigilant in reviewing your financial account statements for fraudulent or irregular activity on a regular basis.

As a best practice, you should also call your bank or card issuer if you see any suspicious transactions. The policies of the payment card brands such as Visa, MasterCard, American Express and Discover provide that you are not liable for any unauthorized charges if you report them in a timely manner. You should also ask your bank or card issuer whether a new card should be issued to you.

For More Information

Your trust is a top priority for Super Stroke USA, and we deeply regret the inconvenience this may have caused. The privacy and protection of our customers' information is a matter we take seriously.

If you have any further questions regarding this incident, please call our dedicated and confidential toll-free response line to respond to questions at [REDACTED]. This response line is staffed with professionals familiar with this incident and knowledgeable on what you can do to protect against misuse of your information. The response line is available Monday through Friday, [REDACTED] Eastern Time.

Thank you,

Super Stroke USA

– OTHER IMPORTANT INFORMATION –

1. Placing a Fraud Alert.

You may place an initial one-year “Fraud Alert” on your credit files, at no charge. A fraud alert tells creditors to contact you personally before they open any new accounts. To place a fraud alert, call any one of the three major credit bureaus at the numbers listed below. As soon as one credit bureau confirms your fraud alert, they will notify the others.

Equifax
P.O. Box 105069
Atlanta, GA 30348
www.equifax.com
1-800-525-6285

Experian
P.O. Box 2002
Allen, TX 75013
www.experian.com
1-888-397-3742

TransUnion LLC
P.O. Box 2000
Chester, PA 19016
www.transunion.com
1-800-680-7289

2. Consider Placing a Security Freeze on Your Credit File.

If you are very concerned about becoming a victim of fraud or identity theft, you may request a “Security Freeze” be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by contacting all three nationwide credit reporting companies at the numbers below and following the stated directions or by sending a request in writing, by mail, to all three credit reporting companies:

Equifax Security Freeze
PO Box 105788
Atlanta, GA 30348
<https://www.freeze.equifax.com>
1-800-349-9960

Experian Security Freeze
PO Box 9554
Allen, TX 75013
<http://experian.com/freeze>
1-888-397-3742

TransUnion Security Freeze
P.O. Box 2000
Chester, PA 19016
<http://www.transunion.com/securityfreeze>
1-888-909-8872

In order to place the security freeze, you’ll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name or to commit fraud or other crimes against you, you may file a police report in the City in which you currently reside.

3. Obtaining a Free Credit Report.

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call **1-877-322-8228** or request your free credit reports online at **www.annualcreditreport.com**. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

4. Additional Helpful Resources.

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at www.ftc.gov/idtheft, by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC's Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.
