Re: Notification of Data Security Incident

Dear Attorney General John M. Formella:

Be advised that the undersigned and this firm have been retained to represent Red Onion Saloon in connection with the recent data security incident described below. Red Onion Saloon is a saloon, restaurant, and brothel museum located in Skagway, Alaska.

On October 2, 2021, Red Onion Saloon discovered a compromised server that included employment information. It has been determined the incident began on September 21, 2021 and was discovered on October 2, 2021. Upon analyzing the contents of the server, it appears the server contained the personal information of current and former employees. The server contained information such as current and former employee names, addresses, telephone numbers, dates of birth, and Social Security numbers.

Red Onion Saloon is offering affected individuals identity theft protection services through IDX, the data breach and recovery services expert. The IDX protection includes 36 months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed ID theft recovery services.

Red Onion Saloon will mail notification letters to the 1 affected New Hampshire resident on December 2, 2021.
