Re: Notification of Security Breach

To Whom It May Concern:

Following up on the formal notice letter we mailed to your office on Tuesday, November 21, 2017, on behalf of Uber Technologies, Inc. ("Uber"), we write to inform you that Uber is notifying 763 drivers in New Hampshire, consisting of 726 by mail and 37 by email because no street mailing address is available. In addition, there are 78 drivers located in the United States but for whom Uber has not located a state-level code or field of data. They are being notified by email, but we do not know in which state they reside.

Very truly yours,

Rebecca S. Engrav
