Dear Attorney General Foster,

We are contacting you to let you know that UIL Holdings Corporation (UIL) discovered that it inadvertently shared certain sensitive personally identifiable information (SPII). On August 4, 2016, in connection with a rate case proceeding before the Connecticut Public Utilities Regulatory Authority (PURA), UIL's subsidiary, The United Illuminating Company, filed a copy of a report that included an attachment that contained SPII, specifically, the names, social security numbers and 401(k) Plan account balances of 116 former employees of UIL or its affiliates, one of whom is a resident of New Hampshire. This report was posted to the PURA website which is available to the general public.

Beginning September 11, 2016, upon discovery of this incident, UIL immediately launched an investigation and took immediate steps to remove the information from the PURA website and retrieve, redact, and/or destroy all instances of the information. In addition, we are reporting this error to the appropriate agencies, as mandated by federal and state law.
