Re: *Incident Notification*

Dear Sir or Madam:

We are writing on behalf of our client, Visiting Nurse and Hospice for Vermont and New Hampshire (VNH), regarding an unauthorized person who may have accessed patient information contained in an employee email account.

On October 8, 2019, VNH determined there may have been unauthorized access to an email account which contained some patient information. The unauthorized access occurred in July 2019. VNH worked with a third-party forensic investigator and conducted a review of the documents that may have been viewed or accessed by the unauthorized actor. The messages contained some New Hampshire residents' information, including their names, dates of birth, addresses, health insurance information, social security number and clinical information related to services or care received from VNH.

On December 4, 2019, VNH determined 25 New Hampshire residents had social security numbers impacted, after its mail vendor returned the results of a National Change of Address Search. VNH is mailing notification letters in the substantially same form as the attached to the New Hampshire residents pursuant to the Health Insurance Portability and Accountability Act of 1996 (HIPAA). The letter includes an offer for complimentary credit monitoring and identity protection services. To help prevent something like this from happening again, VNH is taking steps to enhance its email security. Notification to the Attorney General is being provided in compliance with N.H. Rev. Stat. § 359-C:20.

Please do not hesitate to contact me if you have any questions regarding this matter.

Sincerely,

A handwritten signature in black ink that reads "Lynn Sessions". The signature is written in a cursive style with a large initial "L" and a long, sweeping underline.

If you are a resident of Massachusetts or Rhode Island, note that pursuant to Massachusetts or Rhode Island law, you have the right to file and obtain a copy of a police report. You also have the right to request a security freeze.

If you are a resident of West Virginia, you have the right to ask that nationwide consumer reporting agencies place "fraud alerts" in your file to let potential creditors and others know that you may be a victim of identity theft, as described below. You also have a right to place a security freeze on your credit report, as described below.

Fraud Alerts: There are two types of fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one (1) year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. You can place a fraud alert on your credit report by contacting any of the three national credit reporting agencies.

Credit Freezes: You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, so that no new credit can be opened in your name without the use of a PIN that is issued to you when you initiate a freeze. A security freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a security freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a security freeze may delay your ability to obtain credit.

There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, www.experian.com
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, www.transunion.com
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, www.equifax.com

To request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.)
2. Social Security number
3. Date of birth
4. If you have moved in the past five years, provide the addresses where you have lived over the prior five years
5. Proof of current address such as a current utility bill or telephone bill
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.)
7. If you are a victim of identity theft, include a copy of the police report, investigative report, or complaint to a law enforcement agency concerning identity theft

The credit reporting agencies have one business day after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five business days and provide you with a unique personal identification number ("PIN") or password or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, or to lift a security freeze for a specified period of time, you must submit a request through a toll-free telephone number, a secure electronic means maintained by a credit reporting agency, or by sending a written request via regular, certified, or overnight mail to the credit reporting agencies and include proper identification (name, address, and Social Security number) and the PIN or password provided to you when you placed the security freeze as well as the identity of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have one hour after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must submit a request through a toll-free telephone number, a secure electronic means maintained by a credit reporting agency, or by sending a written request via regular, certified, or overnight mail to each of the three credit bureaus and include proper identification (name, address, and Social Security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have one hour after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to remove the security freeze.
