Re: Incident Notification

Dear Attorney General Formella:

We are writing on behalf of our client, Waller Lansden Dortch & Davis, LLP to notify your office of a cybersecurity incident that involved three (3) New Hampshire residents' information. Waller is headquartered at 511 Union St., Suite 2700 Nashville, TN 37219.

Upon receiving notification that an unauthorized person allegedly obtained some files from certain servers in Waller's corporate network, Waller immediately began an investigation and an outside forensic firm was engaged to assist. The investigation determined that an unauthorized party accessed Waller's network and obtained certain files from its network between January 28, 2022 and February 18, 2022. Waller reviewed the files involved, which took a substantial amount of time and effort and was initially completed on September 20, 2022. Waller subsequently determined that there were individuals identified in the review as having information involved that were associated with River.¹ Waller notified River of the incident on December 7, 2022, and worked with them to notify the three New Hampshire residents who had their name and Social Security number contained in a file.

On February 2, 2023, Waller commenced mailing notifications to these New Hampshire residents via U.S. First-Class mail in accordance with N.H. Rev. Stat. Ann. § 359-C:20.² A copy of the notification is enclosed. Waller is offering complimentary credit monitoring, fraud

¹ This notification is being submitted by Waller on behalf of River V LP, River VI LP, and River VII LP (collectively "River").

TAKE ADVANTAGE OF YOUR IDENTITY MONITORING SERVICES

You have been provided with access to the following services from Kroll:

Triple Bureau Credit Monitoring

You will receive alerts when there are changes to your credit data at any of the three national credit bureaus—for instance, when a new line of credit is applied for in your name. If you do not recognize the activity, you'll have the option to call a Kroll fraud specialist, who will be able to help you determine if it is an indicator of identity theft.

Fraud Consultation

You have unlimited access to consultation with a Kroll fraud specialist. Support includes showing you the most effective ways to protect your identity, explaining your rights and protections under the law, assistance with fraud alerts, and interpreting how personal information is accessed and used, including investigating suspicious activity that could be tied to an identity theft event.

Identity Theft Restoration

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft, and then work to resolve it.

Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge.

To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

ADDITIONAL STEPS YOU CAN TAKE

We remind you it is always advisable to be vigilant for incidents of fraud or identity theft by reviewing your account statements and free credit reports for any unauthorized activity. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting companies. To order your annual free credit report, please visit www.annualcreditreport.com or call toll free at 1-877-322-8228. Contact information for the three nationwide credit reporting companies is as follows:

If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your state. You can obtain information from these sources about steps an individual can take to avoid identity theft as well as information about fraud alerts and security freezes. You should also contact your local law enforcement authorities and file a police report. Obtain a copy of the police report in case you are asked to provide copies to creditors to correct your records. Contact information for the Federal Trade Commission is as follows:

Fraud Alerts and Credit or Security Freezes:

Fraud Alerts: There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

Credit or Security Freezes: You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

How do I place a freeze on my credit reports? There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, www.equifax.com
- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, www.experian.com
- **TransUnion Security Freeze**, PO Box 160, Woodlyn, PA 19094, www.transunion.com

You'll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

How do I lift a freeze? A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.
